

THE WEATHER.
Generally fair weather Thursday
and Friday; light north winds.

THE MORNING STAR

FOUNDED 1867

DO YOU ADVERTISE?
If not, why not? Perhaps there's a
reason. A request to this office will
bring a man to talk it over with you.

VOL. LXXXVIII—NO. 73. WILMINGTON, N. C., THURSDAY MORNING, JUNE 15, 1911. WHOLE NUMBER 13,635.

HEIKE UNDER FIRE AT SUGAR INQUIRY

Former Secretary of Big Con-
cern Tells Little of Hav-
emeyer Deals.

FEATURE DAY OF THE PROBE

Declared He Was Not Familiar With
History of Company—Govern-
ment Picked Him Out As
"Mischievous."

Washington, June 14.—Five hours
were spent today by Charles R. Heike,
for several years preceding last July
the \$20,000 secretary of the Ameri-
can Sugar Refining Company, in tel-
ling the House Sugar Investigation
Committee that he knew nothing
about the policies or inner-history of
the company, particularly in the years
when H. O. Havemeyer was its presi-
dent.

The witness described his position
with the company as that of a "stock
transfer" man, book-keeper and letter
carrier. He ridiculed the idea that he
was the confidential agent of Presi-
dent Havemeyer, saying that he was
not big enough man or that he de-
clared that the government had picked
him out as the "mischievous-maker" in
the alleged customs frauds, charged
to the American Sugar Refining Com-
pany, simply because it had to have
some one to fasten them on.

What matters the committee tried
to find out about, but concerning
which Mr. Heike claimed to know but
little, were many. One of the things
was the interest of the American Sug-
ar Refining Company in the National
Sugar Refining Company. He said
the former owned \$5,000,000 preferred
stock in the latter, or a little over one
half, but he had no idea of way
just a little over one-half was pur-
chased. Neither did he know whether
the American Sugar Refining Com-
pany was cognizant of the claim, now
under litigation, that \$10,000,000 com-
mon stock in the National was in ex-
istence at the time it purchased the
preferred stock.

Little of the inner history of the
Pennsylvania Sugar Refining Company
deal was obtained from the witness.
He admitted that the American Sug-
ar Refining Company loaned to Adolph
Segal through Gustave A. Kissel, of
whom Mr. Heike spoke as Segal's
agent, \$1,250,000, and that a major-
ity of the stock of the Pennsylvania
Sugar Refining Company with the
voting power thereof was given as col-
lateral security.

He could not remember that the
stock was voted so that the Pennsyl-
vania refinery was abandoned im-
mediately, nor could he remember
how the deal was closed.

"The American Sugar Refining Co.
did not make it a business to loan
money," inquired Representative
Garrett, of Tennessee.

"They loaned plenty of money; yes,
sir," said Mr. Heike.

"Has the American Sugar Refining
Company recently loaned any mon-
ey?"

"Yes, to some trust companies."

"Don't you know that as a matter
of fact, that the very day that this
stock was turned over as collateral to
the American Sugar Refining Com-
pany, with the young power, that an
arrangement was brought about
whereby the Pennsylvania com-
pany—"

"I don't know anything about that
at all," Mr. Heike interrupted. "I
know one thing, they made the loan."

"Do you know anything about the
suit that was filed growing out of the
transaction?" persisted Mr. Garrett.

"I cannot explain positively."

James M. Beck, counsel for the
American Sugar Refining Company, told
the committee that the debt was set-
tled, as a result of the suit.

"We loaned \$1,250,000 and in the
end we got payment of the loan by re-
turning our collateral and paying
\$750,000," he declared. "It cost us
\$2,000,000. That is a new way of re-
ceiving payment of a debt." He ex-
plained the \$750,000 was equivalent to
a penalty under the Sherman anti-
trust law.

Mr. Heike was unable to explain
why President Havemeyer had such a
control over the American if he only
held in his own name a comparatively
few shares. Again Mr. Beck inter-
rupted to suggest that possibly more
shares were held in the name of
brokers, as was sometimes done in
New York.

"The stockholders were apparently
satisfied to re-elect the directors from
year to year," said Mr. Heike in ex-
planation of Mr. Havemeyer's power.

"Did he secure the proxies of stock-
holders?" inquired Mr. Garrett.

The witness responded that he did
and when asked the manner in which
the proxies were collected, said:

"I sent notices out every time to
each stockholder. I would say 'the
term expires of three directors, if
you please, be present to vote. If
you have no time to come, we will
vote for you and unless otherwise di-
rected, we will vote for the three
whose office expires.'"

"And they always wrote you to go
ahead and do that?"

"Precisely."

PHASE OF THE RACE PROBLEM

Charles Edward Stowe Tells Colored
Graduates of Their Place in the
Country—Taft Commends
Fisk University Work.

Nashville, Tenn., June 14.—The 15th
commencement of Fisk University,
the college for negroes, at Nashville,
Tenn., was observed here today. The
largest class but one in the history
of the college was graduated and re-
ceived bachelor degrees. Rev. Charles
Edward Stowe, son of Harriet
Beecher Stowe, made the commence-
ment address, and read letters from
President Taft and Colonel Theodore
Roosevelt.

Mr. Stowe said in part: "Owing to
the exceedingly difficult, delicate
and intricate of the race problem in
the United States, it is essential that
these young people of the colored
race, who are being trained for ser-
vice among their own people as min-
isters, teachers, lawyers and doctors,
have the very best possible training,
and the broadest outlook to give them
the efficiency which the task before
them urgently demands. More indus-
trial training is utterly inadequate. Let
us suppose that Booker T. Washing-
ton had received only industrial
education, fitting him for agriculture
or one of the mechanical callings, would
it not have been a great loss to our
country in this present very serious
crisis? Must we not believe that
there are in the race that has pro-
duced Booker T. Washington and
Professor Bubcis and other leaders,
young men of ability, and young wo-
men too, who can be trained for this
larger usefulness? It is not the in-
terest of the negro race alone that is
at stake, it is the peace and safety
and prosperity of our common coun-
try, both North and South for the
negro is not the problem of the South
alone, but of the whole nation. And
as long as prejudice against the col-
ored man continues it will be abso-
lutely essential that there should be
institutions devoted especially to his
training for the very difficult struggle
which is before him in the complex
civilization into which he has some-
what abruptly thrust through the
emancipation of his race. The State
owes every individual white, or black
an adequate equipment to fit him for
the great struggle for existence in
which he must take his part. The
history of Fisk University, its strate-
gic position, all call for an immediate
and adequate provision for its most
important work. I will help in every
way I can to secure the \$300,000 fund
which is so greatly needed to lift
the burden of debt, repair the build-
ings and begin an endowment, the
some of which will enable the college
to proceed in its work without finan-
cial embarrassment. That the negroes
have undertaken to raise \$10,000 and
the white people of Nashville \$20,-
000 is very encouraging as it shows a
disposition to help yourselves."

Continuing Mr. Stowe read the fol-
lowing extract from a letter written
by President Taft:

"White House, Washington, D. C.
"I am not one of those who believe
that it is well to educate the mass of
negroes with academic or university
education. On the contrary, I am
firmly convinced that the hope of the
negro is in his industrial education
throughout the South, and in teaching
him to be a better farmer, a better
carpenter, a better machinist, and a
better blacksmith than he is now; and
to make more blacksmiths and more
good farmers than there now are
among the negroes."

"But, I have studied the matter con-
siderably, and have also become con-
vinced that it is necessary to have a
few high-class negro universities for
those who are to be the leaders of the
race and who are to figure promi-
nently in a professional way—their min-
isters, their physicians, their lawyers
and their teachers—because we have
got to treat the race as distinct from
the whites. I believe that nothing
can do so much toward establishing a
real nucleus for leadership among
them as the maintenance of such a
University as Fisk."

"It has the largest number of negro
college students of any school of the
standard which it sets, and if any
university of the kind is to be en-
couraged, it is Fisk University. This
is proven not only by an examination
of its college statistics, but by the
testimony of the best white men in
the community where it exercises its
influence."

"Sincerely,
"WILLIAM H. TAFT."

BIG MERGER OF BAKERIES.

Claim From Boston to New Orleans.
Capital \$20,000,000.

New York, June 14.—Twenty-one
big baking companies in cities dotting
the East and South from Boston to
St. Louis and New Orleans, threw in
their lot together today, merging under
the name of the General Baking Com-
pany with a total capital of \$20,000,000
in stock and \$5,000,000 in bonds. The
new chain of bakeries will be operat-
ed in 15 cities.

"In the formation of the General
Baking Company, the announcement
reads, 'there is no thought or purpose
of the establishment of a monopoly in
the manufacture or sale of bread.
Such a monopoly would be impossi-
ble as in most localities, with few ex-
ceptions, only one baking company has
been acquired, leaving competition
open to hundreds of others.'"

Please keep in mind the date of the
great Mill End Sale at Rehder's Big
Store. Doors open Monday morning,
June 19th, at 9 o'clock.

HAS NEW METHOD TO FIGHT TRUSTS

Power to Regulate Dividends
Would be Remedy to
Control Monopolies.

JUDGE GROSSCUP BENEFACITOR

Declared the Sherman Act Ineffective.
Delivered Commencement Ad-
dress at University of Iowa.
Plan Made Clear.

Iowa City, Iowa, June 14.—Declaring
the Sherman Act "even as now in-
terrupted an ineffective remedy in the
just complaint of the ordinary man
against monopolies," Judge Peter S.
Grosscup, of the United States Cir-
cuit Court of Appeals, proposed in
the commencement address before the
University of Iowa today, a new meth-
od of dealing with trusts.

"To recognize combination and mo-
nopoly as something necessarily here-
tofore, as a condition to granting cor-
porate power at all, reserve the right
to regulate dividends," is the remedy
Judge Grosscup advocates.

Judge Grosscup's discussion of the
remedy proposed by him was prefaced
by a review of the Sherman act in
which he said:

"As interpreted prior to May of this
year the Sherman Anti-trust act was
believed to be a weapon, in the hands
of the men who happened to constitute
the administration at Washington, to
destroy such specific monopolies and
combinations as the administration
chose to consider hurtful to competi-
tion in enterprise. Instead the Sher-
man Act became a stricken mine, over
which nearly every form of enterprise
had to sail—the fuse that would set
it off, or keep it harmless, running
direct to the office of the Attorney
General at Washington."

"But will his business," continued
Judge Grosscup, "with no restraint
hanging over it other than the Sher-
man Act as now interpreted, desist
from being brutal? Will one of these
big business enterprises, caught now
and then prohibiting accessory meth-
ods and ordered to rehabilitate, as the
Standard Oil and Tobacco combina-
tions have been ordered to rehabilitate,
prevent others from taking their
chances along the same lines, or from
taking chances along other lines? Re-
verting to his remedy the judge con-
tinued:

"But to which government, the Na-
tional or the State, shall be given the
power to apply the remedy? My an-
swer, that, in the case of the big
so-called trusts, such as the Standard
Oil Company, the bulk of whose raw ma-
terial is drawn from States other than
the company's domicile, or the bulk of
whose finished product is sold in
States other than the company's domi-
cile, thereby bringing their business
into interstate commerce, the princi-
ple I am urging should be applied by
the National government, through
such processes as will make it prac-
tically compelling that enterprises of
this kind organize as corporations un-
der the United States laws."

"Believes in New Nationalism.
"To that extent, at least, I am for
the new nationalism, by the hand of a
single sovereignty, and that the su-
preme sovereignty, can the principle,
it seems to me, be effectively ap-
plied to the big so-called trusts. But
this does not mean that the smaller
manufacturing and trading corpora-
tions in any given field of enterprise
should be nationally incorporated. From
these arises no monopoly. And where,
among these smaller concerns, com-
binations arise in unreasonable re-
straint of trade, the Sherman Act
as now interpreted would probably be
efficient."

"But where should we run the line
of separation, you ask, between those
to be nationally incorporated and
those left to the States; and how sepa-
rate those to whom a restriction as to
dividends is to be applied, from
those to whom it is not applied, though
nationally incorporated. My an-
swer is that national incorporation
should depend on whether the busi-
ness involved is chiefly National or
chiefly local—a feasible measure of
this being the percentage of the whole
business that is local and the per-
centage that is not local; and that
whether the restriction as to dividends
should apply or not should depend on
whether the business, in its special
field of enterprise, practically excludes
effective competition or whether it
does not—a feasible measure of this
being the percentage of the whole
business of that field that is done by
the company involved. In other words,
if the bulk of the business of the
company is National, let the nation
be the parent and regulator of the
corporate advantages under which it
is conducted, and if it avails enough
of the business of the line in which it
is engaged to enable it to throw on
effective competition; let the princi-
ple of fair dividends be applied."

His Plan Made Clear.
"The National Bureau of Corpora-
tions has already access to informa-
tion that will show what these per-
centages are. Whatever may be de-
ficient can be easily supplied. I will
(Continued on Page Eight.)

STEEL TRUST AIDS PROBERS

Corporation to Suggest Witnesses the
Committee Might Overlook—
James Gayley Was Chief
Witness Yesterday.

Washington, June 14.—The United
States Steel Corporation intends to
suggest to the Stanley Steel Trust In-
vestigation Committee the calling of
witnesses whom the committee may
overlook and who may throw light
upon matters in question in the in-
quiry and also to suggest that questions
be asked of certain witnesses if the
committee fails to bring out facts pos-
sessed by such witnesses.

R. V. Lindabury, counsel for the
Steel Corporation before the commit-
tee, declared this to be his intention
today at the close of the examination
of James Gayley, former vice presi-
dent of the Steel Corporation, in an-
swer to an inquiry by Representative
Young, of Michigan. "It is our inten-
tion," said Mr. Lindabury, "to suggest
questions overlooked that we think
important and witnesses whom we
think, in all fairness should be called."

"The committee will exercise its dis-
cretion as to whom it will summon,"
said Chairman Stanley. "Of course, I
assume," Mr. Lindabury replied, "that
the committee would not refuse to
summon witnesses we suggest."

"That will be determined when the
suggestions are made," Mr. Stanley
replied.

The Steel Corporation counsel and
the chairman brushed again over the
merits of some railroad rate fig-
ures relating to the steel trust rail-
roads in the Lake Superior re-
gion. The chairman had secured rates
per ton on ore hauled by the Duluth,
Iron Range and the Duluth, Mesaba &
Northern Steel Trust roads, from the
interstate Commerce Commission and
had employed an engineer to compute
from these figures the rate per ton per
mile. The purpose was to show that
the rates charged for hauling ore over
the steel trust roads were exorbitant.
The charges, he said, were paid from
the profits of the steel trust roads, but
resulted in unjust cost to indepen-
dent owners and thus increased un-
fairly their cost of production.

Mr. Lindabury objected to the intro-
duction of the figures computed with-
out the identity of their author.

"Who is the authority for those fig-
ures?" he asked.

"An engineer and expert accountant
whom I employed to make the mathe-
matical calculations," said Mr. Stan-
ley.

"Well, it should not appear in the
record if I had done this. I am re-
sponsible for the figures. If they are
wrong they may be corrected."

The committee will not meet again
for several days, probably not until
next week after the passage of the
bill in the House. Among the
steel trust friends, the ceremony of
the committee resumes will be James
A. Ferrell, president of the Steel Cor-
poration.

MISS BETZ BECOMES BRIDE.

Venezuelan Marries Wealthy Woman
in Philadelphia.

Philadelphia, June 14.—Miss Rose-
lin Sybil A. Betz, one of the wealth-
iest young women in Philadelphia, and
Senor Don Augusto F. Pulido, of Ven-
ezuela, were married here today in
the presence of a small company of
steel trust friends. The ceremony was
performed in St. Matthews' Lutheran
Church, by the Rev. Dr. Edwin Heyl
Delk.

The bride is the daughter of the
late J. Fred Betz, Jr. Senor Pulido
was for many years first secretary of
the Venezuelan Legation in Washing-
ton and was recently appointed first
secretary of the Venezuelan legation
at Berlin.

OUTLINES.

Secretary Knox was questioned
closely by the House Committee yester-
day with reference to the famous
Fage portrait voucher, but threw little
light on the mystery. A lively col-
loquy resulted following an intima-
tion that the voucher had been doctor-
ed—Charles S. Heike, former secre-
tary of the American Sugar Refining
Co., was a witness before the com-
mittee of the House yesterday, in-
quiring into the sugar trust—Judge
Grosscup in his address at the Uni-
versity of Iowa yesterday told of a
new method for dealing with trusts—
An attempt to extend the legisla-
tive programme of the majority in the
House at the extra session failed at a
caucus last night—The United
States Steel Corporation intends sug-
gesting certain witnesses to the
Steel Trust Investigation Committee
today at the close of the examination
of James Gayley, former vice presi-
dent of the Steel Corporation, in an-
swer to an inquiry by Representative
Young, of Michigan. "It is our inten-
tion," said Mr. Lindabury, "to suggest
questions overlooked that we think
important and witnesses whom we
think, in all fairness should be called."

"The committee will exercise its dis-
cretion as to whom it will summon,"
said Chairman Stanley. "Of course, I
assume," Mr. Lindabury replied, "that
the committee would not refuse to
summon witnesses we suggest."

"That will be determined when the
suggestions are made," Mr. Stanley
replied.

The Steel Corporation counsel and
the chairman brushed again over the
merits of some railroad rate fig-
ures relating to the steel trust rail-
roads in the Lake Superior re-
gion. The chairman had secured rates
per ton on ore hauled by the Duluth,
Iron Range and the Duluth, Mesaba &
Northern Steel Trust roads, from the
interstate Commerce Commission and
had employed an engineer to compute
from these figures the rate per ton per
mile. The purpose was to show that
the rates charged for hauling ore over
the steel trust roads were exorbitant.
The charges, he said, were paid from
the profits of the steel trust roads, but
resulted in unjust cost to indepen-
dent owners and thus increased un-
fairly their cost of production.

Mr. Lindabury objected to the intro-
duction of the figures computed with-
out the identity of their author.

"Who is the authority for those fig-
ures?" he asked.

"An engineer and expert accountant
whom I employed to make the mathe-
matical calculations," said Mr. Stan-
ley.

"Well, it should not appear in the
record if I had done this. I am re-
sponsible for the figures. If they are
wrong they may be corrected."

The committee will not meet again
for several days, probably not until
next week after the passage of the
bill in the House. Among the
steel trust friends, the ceremony of
the committee resumes will be James
A. Ferrell, president of the Steel Cor-
poration.

WARE-KRAMER TOBACCO CASE

Effort of Counsel to Settle Issues for
Jury—Vice President of Ameri-
can Tobacco Co., Testifies.
Other Witnesses.

(Special Star Correspondence.)
Raleigh, N. C., June 14.—An effort
to settle the issues to go to the jury
was a "bone of contention" for some
time this forenoon in the trial of the
\$1,200,000 damage suit of the Ware-
Kramer Tobacco Co., vs. the American
Tobacco Co., and W. M. Carter, counsel
for both the plaintiff and defendant
having presented to Judge Connor
what they thought ought to consti-
tute the formal issues.

The outcome of the contentions and
spirited arguments was that Judge
Connor took the whole matter under
advisement until Saturday. The plain-
tiff presented 15 issues that counsel
insisted should go to the jury. Briefly
stated, they are the questions of
whether the defendant American To-
bacco Co., is a combination in re-
straint of trade in violation of the
Sherman act; whether the American
Tobacco Co., entered into contracts,
combinations and conspiracies in the
manipulation of the tobacco trade in
violation of the law; attempt to mo-
nopolize the tobacco trade in the States
or with foreign nations and combine
or conspire with other persons to mo-
nopolize the trade; has the Ware-Kra-
mer Tobacco Co., been endangered by the
acts and conduct of the American Tobacco
Co., and what amount of damages is
the plaintiff entitled to recover. There
is a similar series of issues as to the
Wells-Whitehead Co., with issue as
to damages to plaintiff in this case.

Then there are issues as to whether
W. M. Carter combined or conspired
with any other persons to monopolize
any part of the tobacco trade in the
States or with foreign nations, and
as to whether his conduct endangered
the Ware-Kramer Co., and what dam-
ages were sustained thereby.

There was another legal sparring
match by counsel over the question of
the admission as evidence of contracts
for the sale of snuff and tobacco pro-
ducts other than cigarettes to prove
effort to crush competition. Counsel
for the plaintiff insisted that the vari-
ous contracts offered to be intro-
duced under the policy of the trust that
influence the merchants "in selling
the product of the American Tobacco
Co." Judge Connor announced ad-
mission of snuff contracts amid the
protests of the counsel for the defense
that evoked a sharp rapping for order
on the part of His Honor. There was
a similar contest over the admission
of contracts of the defendant in Porto
Rico, counsel for the plaintiff insist-
ing that every acquisition by the
American Tobacco Co., was with a
view to getting control of the tobacco
trade of the whole country. The Por-
to Rico contracts were also admitted
subject to the plaintiff's proving con-
tentions in such way as to make the
evidence in question competent. There
were various agreements between the
American Tobacco Co., and other sub-
sidiary corporations, offered to be in-
troduced in restraint of independent
trade.

In connection with the argument of
the issues to be submitted there was
an intimation by the court that the
suit being brought under the Sherman
Anti-Trust Act it was a question
whether there could be prosecution in
the same suit for common law con-
spiracy and this developed the ques-
tion of whether or not from this view-
point defendant Carter would be
amenable in this suit for conspiracy
with the American Tobacco Co. to
ruin the trade of the plaintiffs in con-
nection with his having secured the
position of sales manager for the
Ware-Kramer Co., as the latter charges,
with the purpose in view of de-
stroying the trade of the plaintiffs.
Judge Connor is to pass on all these
matters Saturday.

The remainder of the morning ses-
sion of the court was devoted to read-
ing the depositions of Secretary Wil-
cox and Treasurer Hicks of the Ameri-
can Tobacco Co., with a view to show
the policy of the American Tobacco
Co. to dominate the tobacco business
and its practice through control of
stock in subsidiary corporations to re-
strain and control business and stifle
competition.

Vice President Percival S. Hill, of
the American Tobacco Co., testified
afternoon 4 p. m. that the American
Tobacco Company in absorbing other
concerns did so purely for making
money and not with the specific pur-
pose of stifling trade. He testified he
loved competition, found that it stim-
ulated business and procured new
customers. In reply to questions as
to why he wrote W. M. Carter to pro-
cure the address of a car shipment of
cigarettes by the Ware-Kramer Co., to
China with a statement that if he
could not find the address he could not
stop this China trade and that he did
the address from Carter and notified
the British American Company with
the result that the Ware-Kramer
Co. shipped no more tobacco to China.
Mr. Hill said he did not consider
that competition, but rather "scalp-
ing the business." The deposition re-
viewed the absorption of the Wells-
Whitehead Co., by the American To-
bacco Co., and the relations of W. M.
Carter to the American Tobacco Co.,
then to the Wells-Whitehead Co., and
then to the Ware-Kramer Co., and ad-
mitted the friendliest sort of relations
between Carter and himself through
all changes and to the present time.

Rocky Mount, Mrs. Jno. Tyree, of Vir-
ginia; two brothers, Capt. Edgar L.
Hart, Wilmington, and Richard Hart,
of Heartsease. The bank was opened
in 1895, has \$25, capital, \$25,000,
surplus, \$174,918 deposits, and \$250,000
resources.

CASHIER SUICIDES, ASSISTANT HELD

Tragedy Follows Discovery
of Shortage in Bank of
Tarboro. N. C.

STATE EXAMINER IS IN CHARGE

Luther V. Hart Sends Bullet Into His
Brain—Peculations Going On
For Seven Years—Heavy
Bond Required.

(Special Star Telegram.)
Rocky Mount, N. C., June 14.—Cas-
hier Luther V. Hart, attendant upon
his duties in the Bank of Tarboro
this morning, is this afternoon a
corpse from his own volition, having
fired a pistol ball through his brain
at 1:30 o'clock this afternoon. His
Assistant Cashier, E. B. Hussey, is
under arrest being implicated in a
shortage in excess of \$50,000 today
discovered and that impair the re-
sources of this banking institution.

Hart left his duties at the bank
about 1 o'clock going home to dinner.
He went up stairs and while his wife
was preparing the noon meal, a shot
was heard. Rushing up stairs to the
room the dying man was found by his
wife, lying upon the bed with a bullet
hole entirely through his head with
blood oozing from the wound. There
was but one shot fired, the bullet en-
tering just above the temple on the
right side, ranging entirely through
the head and coming out just below
the ear on the left side. He lived
two hours, never regaining conscious-
ness, however.

Mr. Hart was a member of one of
the most prominent families in the
State and was considered one of Tar-
boro's leading citizens. He was 35
years old. A wife and two sons sur-
vive. A number of immediate rela-
tives live throughout Edgecombe coun-
ty and this section of the State.

The facts incident to the suicide
were that State Bank Examiner J. K.
Doughton called at the bank this
morning following a usual custom
and was inspecting the business of
the bank when Hart left at the regu-
lar hour for dinner, met a business
acquaintance and made an engage-
ment to meet him again during the af-
ternoon.

On his arrival at home, no one not-
ed anything unusual in his manner.
He was in the room supposedly mak-
ing his toilet for his noonday meal.
Then the shot was heard. Never re-
gaining consciousness, Hart died at
4 o'clock.

Following the finding of discrepan-
cies and shortages this morning with-
in an hour after examining the af-
fairs of the bank, State Bank Exam-
iner Doughton instructed C. V. Brown,
Assistant State Bank examiner, to au-
thorize to Tarboro, both looking into
the affairs of the bank.

An authoritative statement this af-
ternoon says there is a large shortage
in the individual ledger of the cashier
with other banks. When asked for
figures as to the discrepancy "not
less than fifty thousand," was re-
plied. The finding of the shortage to
the amount named by the bank exam-
iner caused the arrest of Assistant
Cashier E. B. Hussey who is being
detained in custody of the sheriff of
Edgecombe county awaiting the giv-
ing of \$5,000 bond.

Both Mr. Hart and Mr. Hussey are
concerned in the shortage. Mr. Hus-
sey is also a member of a prominent
family.

The bank of which the deceased
was cashier has suffered a crushing
blow if not to cause its indefinite
suspension. The rating of the insti-
tution is \$25,000 capital, \$20,000 sur-
plus and undivided profits of \$6,000,
while the deposits are more than
\$200,000. The affairs of the bank are
in the hands of the State officials and
is closed.

The State officials will issue a state-
ment of the affairs of the bank as soon
as possible. There has not been even
in Tarboro's history of years an af-
fair that has attracted such comment
and excitement as is occasioned this
afternoon.

Hart had recently been involved in
numerous business transactions which
involved large sums of money and it
is believed a series of failures was
responsible for his act.

Story from Raleigh.
Raleigh, N. C., June 14.—State Bank
Examiner J. K. Doughton telegraphed
the Corporation Commission this eve-
ning that on his arrival at the Bank
of Tarboro to look into financial com-
plications, Cashier L. V. Hart admit-
ted shortages and said the stealing
had been going on seven years and he
was glad it was caught up with.

He then went home and soon his
wife heard a pistol shot in his room
and he was found to be shot over the
right ear. He died at 4 o'clock. Ex-
aminer Doughton finds also that As-
sistant Cashier E. B. Hussey is short
in his accounts and he is committed
to jail in default of \$15,000 bond. The
estimated shortage is \$12,500, but the
impression is strong that it will prove
to be at least twice that amount.
Cashier Hart was 35 years old and
leaves a wife and two sons; also
three sisters, Mrs. Marvin Nash, of
Greensboro; Mrs. Ben Willford, of

PRINCETON DEFEATS YALE.

Great College Contest in New York.
Steve White Idolized.

New York, June 14.—Princeton won the championship of the Yale-Princeton baseball series in the rubber game on the National League grounds in Brooklyn today by the score of 1 to 0.

In carrying the trophy back home tonight the Princetonians are idolizing "Steve" White, who pitched the last and best game of his career for Old Nassau, and the all round support the team gave him.

A crowd of nearly 10,000 made up of large followings from Princeton and New Haven and local admirers of the time-honored foes, witnessed the close contest.

GARFIELD'S PASTOR DEAD.

Dr. Frederick P. Power Passes Away in Washington.

Washington, June 14.—Dr. Frederick D. Power, pastor of the Vermont Avenue Christian church here, died today, aged 60 years. He was a native of York county, Virginia, and had served several churches in Eastern Virginia before coming to this city. For the two years from 1881 he was chaplain of the House of Representatives. He was known throughout the country as Garfield's pastor, "President Garfield having attended his church while chief executive of the nation."

Hear Mr. Tally sing "For Killarney and You."—Grand Theatre today. **

BIG TRACK MEET IN JULY

Matinee Tomorrow Afternoon and Horses from All Over Pee Dee Section First Week in Next Month—Reduced Rates.

The Wilmington Driving Association, which is behind the extensive development that has been going on the past several months out at what is known as "Highwood Park," announces the completion of its race track, which is confidently expected to be one of the fastest in the South, and the first official meet will be over the course on July 7th and 8th, with a matinee tomorrow afternoon.

The track is what is known as a sand clay track, dries out quickly, is very springy and the Association expects to have the State record in the next thirty days. All the fast horses from the Pee Dee section of the Carolinas will be here July 7th and 8th besides others from up the State. There will be not only a large number of horses but many people are expected to take advantage of the low railroad rates that will be offered for the occasion.

The local horsemen will give the matinee on the track tomorrow afternoon and for this there will be no charge for admission. Everybody is cordially invited. Elsewhere in today's paper, the Tidewater Power Co., announces a 10 cents round-trip fare to the park and this will be welcomed by many who will visit the grounds of the Driving Association from time to time. The programme for Friday afternoon's races is as follows:

Class	Driver
Class "A"	Driver.
The Queen	Hayes
Miss Jarvis	Baxter
Grace, D.	Bardin
Class "B"	Driver.
Prince Wilkes	Bardin
King Highwood	Hayes
Wilton Boy	Daniel
Novel Girl	Goodwin
Dutch	Burkholder
Class "D"	Driver.
Black Bird	Lamb
Hulda	Kennedy
Snip Hall	Darby

There are some fast horses by Wilmington owners and many people will take this opportunity to go out and see them on the track for the first time.

"Come in and Cool Off."

Hear Mr. Tally sing, the orchestra play, and see the finest pictures in the city. Grand Theatre today—every day.

TEAMS NOW STRENGTHENED.

Better Baseball is Expected at Saturday Afternoon's Games.

After six weeks of life the City Baseball League is now in position to offer to the lovers of the great National game a fine quality of baseball.

Necessarily there was great difficulty experienced by the managers of the different clubs in putting the strongest teams in the field in the beginning. Most of the older and best known players had been out of the game for about four years and, of course, needed much practice to regain their former speed and accuracy. Some could not "come back" and these have been dropped and their places filled by younger and better players, and almost all of the weak spots have been strengthened, the quality of ball now showing up very much superior to that of the first few games. This is shown by the shorter playing time consumed by each team, by the smaller number of errors, the fewer runs and the general all-round batting of the different players. The cork-center ball is partly responsible for the character of the games also; resulting in more hits and because of the great speed it travels when hit making the fielding of ground balls very much more difficult.

However, the players are now in fine condition and are playing some fine ball. Next Saturday's games will probably be the best of the season. The A. C. L. will have a s their opponents the W. L. L. team with Duls in the box and this should produce a good result, as there is no better pitcher in the league than he. His headwork is great, his control of the ball at all times superb, and his fielding of his position is the kind to win the applause of the crowd by its speed and brilliancy.

The Boys' Brigade will oppose the strong Y. M. C. A. team and this should be a brilliant game, as both are quite evenly matched, especially since the recent changes that have been made in the Brigade team. With E. Gore on second base, a position which has been especially weak is now greatly strengthened, and there is no better shortstop in the league than Ben Montgomery. Burnett will continue on first base, where he is excelled only by Terry of the A. C. L., who is rated one of the best first sackers in the State. Another great improvement was made when "Red" Quinney was added to the pitching staff of the Brigade team. He has been up State working for the past several months and only his enforced absence has kept him out of the game. Those who remember his work in the past are predicting a great game for him Saturday. Either Jewell or Watson will be behind the bat for the Brigade.

With Blue in the box for the Y. C. A., every team now has a strong pitcher, a position heretofore weak except with the A. C. L. team. Next

Do Your Cooking in the Cool

A hot kitchen is little better than a prison in summer. But the range is there, so all the cooking and the washing must be done there, too.

What a relief it would be to move the range where you pleased. You can do this with a New Perfection Oil Cook-stove—cook your dinner out on the porch, if you like. It is the only range that is really portable—that works equally well in any place. There are no connections to be made, as in a gas range; no wiring, as with an electric stove; no sooty flues and ash-filled grates, as with coal or wood.

The long, enameled chimneys carry the heat directly up to saucepans, oven or boiler; you get full value from your fuel, without waste.

New Perfection
Oil Cook-stove

Made with 1, 2 and 3 burners, with long, enameled chimneys. Handily folded throughout. The 2 and 3 burner stoves can be had with or without a cabinet top, which is fitted with deep shelves, towel racks, etc.

Dealers everywhere; or write for descriptive circular to the nearest agency of the

Standard Oil Company

(Incorporated)

Saturday all of these pitchers will be in the game, Green of the A. C. L. opposing Duls and Quinney opposing Blue, and some fine tossing will be witnessed. From now on there is no reason to doubt that some fine baseball will be seen and a good crowd should turn out for the games Saturday. The management is endeavoring to afford the public some fine sport and by their presence the public can stimulate the players to their best efforts.

CAROLINIAN ELECTED OFFICER.

Raleigh Man Vice President of Baraca and Philathea Societies.

Kansas City, June 14.—After voting to combine the Baraca and Philathea Union Bible Study societies under one head and electing among other officers, President, Marshall A. Hudson, of Syracuse, N. Y.; vice president, R. N. Simms, of Raleigh, N. C., and corresponding secretary, Mrs. W. G. Womack, of Spartanburg, S. C., the convention of the two societies closed today.

Mobile, Ala., June 14.—The Mobile Cotton Mill Company employing 150 hands, will shut down its plant tomorrow. The Basker Cotton Mill, employing 500 hands, will work on a four days a week basis.

COTTON REPORT, JUNE 25.

Department Announces Time It Will Be Issued.

Washington, June 14.—The Department of Agriculture's report giving the condition of the cotton crop on June 25th, will be issued Monday, July 3rd, at noon Eastern time.

A summary will be issued by the Department on Monday, July 10th, at 2:30 P. M. Eastern time, giving the acreage and condition on July 1st of corn, potatoes, rice, flax and tobacco; the condition of winter wheat, spring wheat, oats, barley, rye and hay, and the amount of wheat on farms on July 1st.

Richmond, Va., June 14.—The 42nd annual convention of the Virginia State Dental Association began its initial session in the auditorium of the Jefferson Hotel today with about 75 members present. The report of the president, Dr. P. W. Stiff, recommended that Richmond be chosen as the permanent place for the annual meetings of the body. The address of welcome was delivered by Mayor Richardson.

"For Killarney and You." Beautiful ballad sung by Mr. Tally today—Grand Theatre.

PACKARD CARS are introduced in a community as soon as the opportunity for sales is sufficient to warrant a local dealer in preparing to give to owners the kind of service long established as one of the most important features of selling Packard cars. We must feel sure the dealer will maintain our standards both in sales methods and in mechanical service

We are pleased to announce that

W. D. MACMILLAN, JR.

has been appointed as Packard dealer for Wilmington and vicinity and that he will be prepared not only to receive orders for the full line of 1912 Packard cars but to give prompt attention to all features of mechanical work and in every way co-operate with customers in the satisfactory maintenance of all Packard cars in this territory

Packard
MOTOR CARS
1912

Packard cars for 1912 are made in chassis of three sizes:

The well known Packard "30," a four-cylinder car which is the standard model on account of its universal utility

40 horsepower, A. L. A. M. rating

The Packard "Six," which is intended for those who wish more power than is practicable in a four-cylinder car

48 horsepower, A. L. A. M. rating

The Packard "18," a high-class, moderate power town car of the same quality and construction as the Packard "30"

26 horsepower, A. L. A. M. rating

Ten styles of open and enclosed bodies.

Packard cars are sold exclusively through Packard dealers and only at list prices, which are the same to everybody. The cars are made on a schedule of delivery dates and allotted among the dealers accordingly. The allotment of 1912 cars for this territory is limited. Early orders obtain preference in the selection of delivery dates.

Full information, catalogs and demonstration may be obtained from W. D. MacMillan, Jr.

PACKARD MOTOR CAR COMPANY, DETROIT

DAVID'S

GUARANTEE

YOU are entitled in buying Hart, Schaffner & Marx clothes to a most positive assurance of your satisfaction. Every dealer in our clothes is authorized to say this to you:

Every garment made by and bearing the label of Hart, Schaffner & Marx is guaranteed to be of all-wool or wool-and-silk fabrics, with no "mercerized" or other cotton added; to be thoroughly shrunk before cutting; seams sewed with pure silk thread; tailored in clean, sanitary shops, and to be free from every defect of material and workmanship.

More than that: The dealer is authorized to say that if the clothes are not right, or not satisfactory, your money will be refunded.

TEXACO ROOFING

Is made of solid, extra heavy, first quality, wool felt, thoroughly saturated with Texaco Bitumen, over 20 per cent pure, and afterward finished with an extra heavy coating of the same material.

TEXACO BITUMEN—over 90 per cent pure—possesses great fire-resisting properties, is not oxidized by the action of the elements, is impervious to the action of acids, fumes and gases; is not injured by the extremes of heat and cold, and remains adhesive and pliable.

The weakest point of ready roofing is at the lap, due to the disintegration and hardening of the cement used, but Texaco Roofing Cement, made of bitumen over 90 per cent pure, insures a permanent waterproof lap.

The principal merits of TEXACO ROOFING are:

ECONOMY of first cost and application.

SIMPLICITY and ease of application.

PERFECTNESS of weather and water-resisting qualities.

MAXIMUM of strength and durability.

FIRE-RESISTING.

PLIABILITY and immunity from injury by extremes of temperature; and, last but not least,

A PERMANENT LAP, by use of Texaco Roofing Cement, which gives security, strength and waterproofing at the weakest point of a roof.

CAPE FEAR OIL CO.

'Phone 873, Wilmington, N. C.

PEACE INSTITUTE

An Ideal Christian Home School. Preparatory and Collegiate Courses. Art, Expression, Physical Culture, Pedagogy, Business, Domestic Science, Music. High standard maintained by large staff of experienced, college-trained instructors. Takes only one hundred boarders and teaches the individual. Unsurpassed health record. Brick buildings. Steam heat. Excellent table. Large gymnasium. Park-like campus. Concerts, lectures, tennis, basketball. Write for our catalog before selecting the college for your daughter.

HENRY JEROME STOCKARD, President, Raleigh, N. C.

AFFAIRS AT STATE CAPITAL

Letter to Boards of Education—Text Book Commission at Work—Several Charters Granted—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., June 14.—In a letter to the incoming county boards of education for the year ending July 1st, State Superintendent of Public Instruction J. E. Joyner appeals for the greatest care in the selection of the county superintendents of schools and the district committees, insisting that the schools of the county cannot be operated successfully without efficient superintendents and competent district committees.

He insists that county superintendents should in all cases devote their entire time to this work and appeals that they be selected without fear or prejudice, political or sectarian bias, and that they be men of the highest degree of success for the school. If such a man is not available in the county, then he insists that the board look outside the county for the right man. He asks that those county superintendents who have shown their fitness for the position be re-elected and sustained in such a way as to enable him to attain yet greater success, but in the case of incompetency he insists that the boards owe it to the people and the children to fearlessly discharge their duty in seeking out a better man for the work. He asks that the superintendents be paid as liberally as possible making sure that "more man and more time are gotten for more money."

Capt. W. A. Scott, deputy commissioner of insurance, is in Raleigh this week representing the State Department of Insurance at the annual convention of the State Fire Marshal's Association.

The sub-State Text Book Commission completed today the hearing of book men on the merits of the different readers that are presented for adoption for use in the public schools. They have now finished with hearings on drawing, writing and reading text-books. It will take ten days or longer yet, however, to complete the hearings.

Charters are granted the Lenoir-Blowing Rock Telephone Co., of Patterson, N. C., capital \$20,000 by S. F. Harper, Jos. Harper and others; and the W. F. Smith Co., of Fayetteville, capital \$75,000 by W. F. Smith, C. W. Sandrock and H. O. Pond, for mercantile business. The Improvement Co., Elizabeth City, E. F. Aydtlett president, amends its charter so that the affairs of the corporation shall be managed by a board of seven directors.

News came to the Wake county authorities today that Graham Oakley, a noted criminal of this section, who escaped from the county chain gang where he was serving five years sentence for house breaking, is in custody at Chesterfield, S. C., on the charge of bigamy and that the South Carolina authorities will gladly turn the prisoner over to the Wake authorities when they have finished with his trial and sentence. In the event he is convicted, Sheriff Sears, of Wake, will take steps to have Oakley held as suggested. He burglarized the house of Ora Cash in Bartin's Creek township.

PROGRESSIVE GREENVILLE.

Improved Health Department—County Fair Organized—Other Notes.

(Special Star Correspondence.)

Oxford, N. C., June 14.—In recalling the names of the counties that are taking progressive steps you can usually place Greenville in the list. Yesterday at a meeting of the County Board of Health, the salary of the county health officer was raised to \$1,200, with the understanding that in addition to his regular duties as health officer, he should perform those of a quarantine officer. This means that he will devote practically all of his time to the advancement of the health movement in the county. This gives Greenville county four supervising officers devoting their whole time to their respective work to the county. Superintendent of Schools, Road Engineer and Agricultural Commissioner.

At the same meeting of the Board of Health an ordinance requiring the sanitary closet in the district extending half a mile in all directions from the corporate limits of the town of Oxford, was passed. This is supplementary to the Oxford ordinance making this requirement within the corporate limits of the town. This same law was made to apply to all other incorporated towns in the county, including Stovall, Creedmoor and Stein, and also all school houses in the county.

The Fair Association has purchased a fair site about half a mile beyond the corporate limits on the west side of the town of Oxford, and will proceed at once to erect the necessary buildings and expect to have these ready in time for the fair to begin the 24th of October.

STATE MEDICAL SOCIETY.

Fully 400 Physicians Expected in Charlotte Next Week.

Charlotte, N. C., June 14.—Fully 400 physicians are expected to attend the annual meeting of the North Carolina Medical Society, which will be held in this city next Tuesday, Wednesday and Thursday. This is the great yearly convocation of the State's medical men and one to which they invariably turn out in great strength. The sessions will be held in the county court house, according to the present plans. Every effort will be made to make the occasion even more enjoyable than the last convention of this society in Charlotte, which was a memorable affair.

A Dreadful Wound from a knife, gun, tin can, rusty nail, fireworks, or any other nature, demands prompt treatment with Buckle's Arnica Salve to prevent blood poisoning or gangrene. It's the quickest, strongest healer for all such wounds as also for Burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns or Piles, 25c. at R. R. Belknap's.

"For Killarney and You." Beautiful ballad sung by Mr. Tally today—Grand Theatre.

COLUMBUS AFFAIRS.

County Schools—A Snake Story—Other News Notes.

Whiteville, N. C., June 14.—The Board of Education of Columbus county decided that it was impracticable to open any schools this year earlier than June 24th, as it will take till this time to get the new committee appointed and qualified. The next regular meeting of the Board will be held July 3rd, and this is the time now fixed by law for the appointment of school committee. In the future, says Superintendent Wooten, the salary given teachers must not be greater than that fixed by the Board.

Superintendent of Education Wooten says that Columbus has over 50 boys who have joined the Corn Club, and he thinks it means much for our people.

Mr. John A. Maulsby, of Campton, Fla., is on a visit to his old home. Mr. Maulsby is a brother of Capt. J. D. Maulsby, of the Bank of Whiteville. Rev. Chas. C. Smith, pastor of the Whiteville Baptist church, will leave next week for a six week's vacation. While gone Mr. Smith will attend the World's Baptist Alliance at Philadelphia. He will also visit friends in New York and Baltimore, and for four successive Sundays will supply the pulpit at Spray, N. C.

Mr. D. P. High, Jr., son of Mr. A. H. High, and who recently graduated at the Baltimore Dental College, stood fourth in his class of 42. Mr. W. Edgar High, son of Mr. D. P. High, who is traveling for a large shoe house, has 122 salesmen stood 12th in making sales. How is this for "High" and on Columbus boys? Mr. Edgar High is to be married at Louisville, Ky., June 28th.

Mr. Pasley Fields, of Boardman, located in Vineland and is practicing dentistry with Dr. Sykes.

Major Cliff, who lives near Excelsior, in Brunswick county, while chipping turpentine boxes, felt something around his leg. Mr. Cliff looked down and was horrified to find tightly wound around his leg a coathwip snake, and the reptile was whipping him with its tail. He put his other foot on the snake and tried to cut it loose with his pulley, but he used a chip with, but he only succeeded in clipping a chunk from his own foot. Finally Mr. Cliff succeeded in killing the snake and winding it from around his leg. The reptile measured six feet in length.

The Waccamaw river is so very low that boats cannot come up as high as the P. & W. landing, and Hon. J. G. Butler has every team he can hire hauling fertilizers from Red Bluff, the present point of landing.

Mr. J. A. Tyner, organizer of the Farmers' Union in this county, states that at the meeting to be held at Clarendon Thursday, June 22nd.

COLORED BOY KILLED.

Gun That Was "Not Loaded" Went Off Accidentally.

(Special Star Telegram.)

Newbern, N. C., June 14.—Last night about 10:30 o'clock, David Fornville and Charles Latham, negro boys, each about 14 years old, living in Dufortown, got into a row over the division of a few peanuts and the result is that the former lies dead. This morning the coroner's jury rendered a verdict that "death resulted from a gun shot wound in the brains at the hands of one Charles Latham, age 12 years. Same was without malice and aforethought." The two boys were the best of friends and had been playing on the eve of the tragedy. The murdered boy's mother stated that she was convinced that the shooting was accidental and she was corroborated by a number of other witnesses. Young Latham stated that they were having a playful dispute at the time the shooting occurred and that when he picked up the gun he had no idea that it was loaded.

NURSE SAYS HER DAUGHTER

Received Great Benefit From the Use of Cardui, the Woman's Tonic, and She Recommends It to Young and Old.

South Bellingham, Wash.—"I am a nurse," writes Mrs. Clara Dykstra of this place, "and have had some experience with Cardui, so I know that it will benefit both young and old people."

"My daughter has used Cardui, and has received great benefit. I think it is excellent for young ladies, as it tones up the system and makes young and old feel like new persons."

Cardui goes to the weak spots and helps to make them strong. It acts with nature—not against her. It is for the nervous, tired, irritable people who feel as if everything were wrong, and need something to quiet their restless nerves, and strengthen their worn-out system.

At such times many people take a stimulant, but this is wrong, as the after-effects are generally worse than the first symptoms.

No, the right thing to do is to take a gentle, non-intoxicating, reliable tonic, and the tonic for women is Cardui, the woman's tonic.

Thousands of women now enjoy good health as a result of taking Cardui. Why not you? Try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for special instructions, and 64-page book "Home treatment for Women," sent in plain wrapper, on request.

"Come in and Cool Off." Hear Mr. Tally sing, the orchestra play, and see the finest pictures in the city. Grand Theatre today—every day.

The greatest Hat selling in the history of Wilmington begins Monday, June 19th, at Reider's Big Store.

CAPTURED AT SPRING HOPE.

Man Wanted at Tampa, Fla., Charged With Bigamy.

Spring Hope, N. C., June 14.—W. S. Pounds, being taken from Pawtucket, R. I., to Tampa, Fla., charged with bigamy, escaped from a Seaboard train through the window at Norlina last night and was captured today at Spring Hope, by Chief of Police Stallings. George A. Bell, the Tampa officer, reached Spring Hope a few minutes after Pounds.

Pounds took the officer, who was escorting him to Tampa for trial, unawares and plunged through an open window of a fast-moving train, making good his escape. Pounds has given the officers a hot chase since January 15th, of this year, covering several States and some foreign countries, and that he should again escape, after once being in the clutches of the law, is somewhat discouraging to those who have followed his trail so closely.

The greatest Hat selling in the history of Wilmington begins Monday, June 19th, at Reider's Big Store.

Headaches

MORTGAGEE'S SALE.

By virtue of a power of sale contained in a certain mortgage deed made by John H. Robinson and wife, Sarah Robinson, on the 23d day of September, 1910, to K. C. Silbury, which said mortgage is recorded in Book No. 62, on Page 148, Records of New Hanover County, and default having been made in the payment of the rate secured by said mortgage, the undersigned will sell at public auction for cash at the Court House door in New Hanover County, in the City of Wilmington, at twelve o'clock on the 15th day of July, 1911, the following described real estate:

Nine acres of land near and easterly of the Castle Haynes macadamized road, about six miles northwesterly from the City of Wilmington, and beginning at a stake in the edge of DeLoessette Bay, and in the Bergeyville line, and runs thence with that line, eight rods west, eleven chains, to a stake, Anderson Harrell's beginning corner; thence about north 88 degrees east, with line Harrell's line, eight chains and twenty-five links, to a stake, said Harrell's fourth corner; thence north two degrees east, ten chains, to a black gum in the edge of DeLoessette Bay; and thence easterly along the various edges of DeLoessette Bay with its southern line to the beginning, containing nine acres.

This 15th day of June, 1911.

K. C. SILBURY, Mortgagee.

S.S.S. CURES RHEUMATISM

The usual cause of Rheumatism is an excess of uric acid in the blood which weakens and acidifies this vital fluid, and prevents the proper amount of nourishment being afforded the muscles, nerves and tendons. The pains and aches of Rheumatism may be temporarily relieved by the use of liniments, hot applications, and other external treatments, but the disease cannot be permanently benefited by such measures, and is bound to become chronic and dangerous if such things are depended upon alone. S.S.S. cures Rheumatism in the only way it is possible to cure the disease. It goes down into the blood, and removes the uric acid from the circulation so that the nerves, bones, muscles and joints are all lubricated and fed with nourishing matter instead of being constantly irritated and inflamed with the sharp, acid impurity. When S.S.S. has cleansed and purified the blood the pains and aches cease, all inflammation disappears, stiffened muscles are made supple, and every symptom of Rheumatism passes away. Book on Rheumatism and medical advice free to all. S.S.S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

10c Ribbon & 39c Hats

Are Going to Bring Buyers To GAYLORD'S

Store during this week. Why? Because the ribbon is the 5-inch taffeta (No. 120) in assorted colors, which always sells for 25c per yard, and this week you can buy it for 10c per yard.

And the HATS are the latest styles and the best materials, the regular market price of which is \$1 to \$3, and they will be sold this week for 39c.

Take a look, while in the store, at our line of Stern's Voile Skirts at \$5.98 and up.

Chiffon Panama Skirts in the latest fad, \$5. A new lot of the most beautiful Persian Ribbon ever sold in this market will be marked and put on sale Monday.

CHILD'S PANTS—Two to twelve years, with hemstitched ruffle and tuck, 10c.

Mosquito Nets, Hammocks, Porch Screens, Parasols; Umbrellas, Canvas Slippers, Sandals for men, ladies and children; Trunks, Valises, Suit Cases, Dress Goods, Men's and Boys' Suits and Hats.

\$6.00 Panamas for \$4.48. All for cash, but you save 25 per cent. on every dollar you spend.

210, 212 214 N. Front St.

We have the kind of Canopies that attach to either wood or iron beds, or swing from the ceiling, complete with a net that stops Mr. Mosquito and turns him away hungry and disappointed. We also have a net that turns sand flies away.

See our Hammocks, Hammock Beds, Porch Swings and Settees. Bargains in Porch Screens.

THE MORNING STAR
Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.
Entered as second-class matter at the
postoffice at Wilmington, N. C., under Act
of Congress, March 2nd, 1879.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at \$6 per year, \$3 for six months, \$1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, \$1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications exposing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Thursday, June 15, 1911.

A county which does not soon get to building good roads will be distinguished for being the rear guard.

If the Senate loses the respect of the people let it search the House to see if it hasn't been on account of a transfer.

A South Carolina minister prayed before proposing to a young lady. She never heard his prayer, but the probability is she was the one who answered it.

If you want to know how some cities are taking the trick, read an editorial from the Greensboro News, to be found in The Star's "Current Comment" column on this page.

The Baltimore Evening Sun remarks that in a demand for an increase in salary, a Chicago clergyman complains that "he cannot marry on \$1,200." Of course, he can marry on it but his difficulty would be to stay married on it.

We don't believe ex-Governor Glenn said it about Governor Kitchin. He has talked a great deal himself, so we are satisfied he approves Governor Kitchin's privilege to do the same. Besides, the ex-Governor knows the glass house etiquette better than that.

If the Democratic House didn't have to originate revenue legislation sufficient to meet extravagant appropriations of the last Republican Congress, it might listen to all sorts of cross-road talk about taking the tariff off everything. Responsibility, however, makes a man less wild-eyed under the circumstances.

"Made in Wilmington," ought to be a conspicuous label on everything manufactured in this city. Some of Wilmington's manufactures go to several Southern and Northern States. The Chamber of Commerce Committee on Manufactures ought to get up a uniform and attractive label for use by all our manufacturers.

The Senate's adoption of the proposition to amend the constitution so United States Senators can be elected by direct vote of the people is not surprising when it is taken into consideration that the resolution places the election of Senators under Federal control. The idea that the Federal government has the right to control the election of Senators or Representatives has grown out of the illusion that they are Federal officers. Such is not the case for the Senators are chosen to represent the States while Representatives are chosen to represent the people of a given district in a State.

Don't wait for other people to invite us to join them in establishing industries in Wilmington. It is up to us to invite them to join us. It looks better. We should either build Wilmington ourselves or help others when they propose to meet us half way and show us something good. There are so few chances to get offers of a good thing, out of the ordinary, that we should jump at one when we are expected only to help. Ordinarily, we would have to do it all, but by taking a hand ourselves we simply bring that much more capital here to supplement ours. Don't let any sort of good opportunity slip now to be regretted later. With all due respect to the idea that outsiders will come here to build up Wilmington, the instances are rare indeed where anything like that kind of invitation was ever accepted from any city. The almost invariable rule is that outside capital only comes to supplement home capital. We ought to learn this early in the game. It is the experience everywhere.

BRYAN MAKING WAR.

The Hon. William J. Bryan is making a great ado about "free wool" without stopping to consider that the tariff on wool is a bagatelle compared with the tariff on manufactured woollens and clothing. Because the Democratic House caucus agreed to a tariff of 20 per cent. on wool, which is about as much as the Republican tariff in two, Col. Bryan's Commoner is front-paging his free wool ideas and declaring that the action of the Democratic caucus is "Not the Democratic Idea," is "A Backward Step," etc. Really, Col. Bryan seems to be very much "off" on the subject of free wool, just as if it's free wool or death.

In The Commoner, of June 9th, Mr. Bryan attacks the action of the Democratic House caucus in reducing the tariff on wool to 20 per cent. ad valorem, whereas under the Payne-Aldrich protective tariff the duty is from 40 to 45 per cent. Col. Bryan takes direct issue with Chairman Underwood of the Ways and Means Committee, who justified the 20 per cent. tariff on the ground of looking after the country's revenue which derives \$1,000,000 from the wool schedule, to entirely lop off which would require just that much more revenue to be made up on other imports.

Col. Bryan insists on "free wool" and declares that "the less than \$1,000,000 which will be collected on wool could be collected from a 10 per cent. duty on raw silk and rubber, not to speak of other methods." The Commoner goes on to say: "But instead of relieving the consumers of woollens to the extent they might have done, the followers of Mr. Underwood sound a retreat on the wool question and they did it in the name of a revenue tariff. Many honest men have been misled by Mr. Underwood's specious argument, but The Commoner asks these Democrats to watch the chairman of the Ways and Means Committee."

"Specious arguments" is a pretty good term for Col. Bryan to use. With no better liking for Mr. Underwood than we have for Mr. Bryan, and no better for Mr. Bryan than we have for Mr. Underwood, we should say that when it comes to "specious" arguments, the Colonel has Underwood skinned to a finish. Underwood's arguments have yet to be tried out before they get in the specious class. Time may really prove that they are specious, but so far as the Colonel is concerned there has proven that he used to unload many a "specious argument" on an unsuspecting free silver public. When it comes to speciousness, the Colonel has made good and as to being a politician doctrineaire or an authority on political economy, the Colonel has been reversed so often that we are justified in having doubts as to whether he is altogether infallible authority on the wool question or upon the revenue tariff question.

As a matter of fact, the Nebraska may be right for once on its free wool doctrine, and Mr. Underwood may be wrong, but so far as the record goes for getting on the wrong side and putting his political foot in it, Mr. Underwood's critic has the record in his favor. Democrats—Bryan Democrats and all other brands—will be pretty apt to suspend judgment on Mr. Underwood until they find out whether he or Col. Bryan knows more about how to raise about 100 million dollars revenue for the country and do it without risking injury to any industry of the country and meanwhile have an eye to preventing the Democratic party from being relegated to the rear once more as incompetent.

The neck of the Democratic party has to be looked out for as well as the country's revenue, and since Underwood, Clark and other Democratic statesmen are on the job at Washington, the Democracy ought to be content until their steering ability is tested. They really may make a botch of it or may achieve great success, but certainly they are entitled to a suspension of judgment on an indictment preferred by one who has so often led the party in the wrong direction.

We yield to no one in our admiration of the lofty character and high qualities of Col. Bryan, but since the party followed him in several campaigns, to its undoing, standing back of him in the face of three defeats, proving itself loyal while reasonably doubting the "paramounts" of their leader, the Colonel should recognize the propriety, if not the wisdom, of letting somebody else try their hand, especially since the country generally is applauding the Democratic management at Washington. The destiny of the country and of the Democratic party is in the hands of the Democratic leaders at Washington and it must be admitted that their responsibility is greater than Col. Bryan's. They have the bag to hold and they deserve a return of the support which they have for years given to Col. Bryan.

It is needless to say, therefore, that Democrats will agree that Col. Bryan is doing wrong in attempting to undermine confidence in Underwood and others by declaring that he will bear watching, because, as Col. Bryan sus-

pects, he is "tainted with protection." If Bryan thinks he can destroy confidence in those actually controlling the destiny of the Democratic party, without at the same time dooming the Democratic party, he certainly has lost his faculty of giving consideration to cause and effect. However, take note of what the Colonel has to say in another Commoner editorial:

"Silence is the world. The Commoner had the temerity to print an editorial argument in favor of free wool last week—a doctrine indorsed as democratic by the caucus—but Chairman Underwood serves notice that the discussion of public questions by Democrats so unfortunate as to be outside of Congress is neither expected nor desired—that editorials dealing with subjects under consideration will be regarded as attempts at dictation. He is quoted as saying: 'I think we have proved that the Democracy of the nation can be handled beneath the dome of the capitol, without assistance. We adopted the wool bill unanimously, despite Mr. Bryan's earnest opposition, and we will put it through.'"

Well, if Underwood says Col. Bryan is dictating because he prints an "editorial argument in favor of free wool," why Underwood is off his base. Editorial suggestions, even though they be strenuous, is not dictation, for it is every editor's prerogative to express his views, but when an editor takes a trip to Washington to invade a caucus, attempts to enforce his suggestions where he is without caucus membership, attacks the motives of others who may be also awaying the caucus their way, and gets in a bad humor because his views are rejected, a jury would be pretty apt to find a fellow guilty of attempting to dictate, but since Col. Bryan did not succeed in his Washington trip, he is no dictator. If, however, Underwood lorded it over the caucus and made it swallow his programme, he is a dictator.

We have no criticism to make of Col. Bryan for advocating or urging free wool, but it is his manner of demanding free wool and attempting to destroy the confidence in Underwood in order to carry his point, to overthrow the plans of the Democratic leaders at Washington and to enforce his own demands upon the unwilling Democratic caucus.

As between Col. Bryan and Underwood & Co., the Democracy will be the judge, but it would be a fool Democracy that would permit its harmony to be destroyed by either free wool or a reduced tariff of 20 per cent. on wool. That one question is not so vitally paramount as to make it necessary to pull down the house on top of a fighting party within. We have defended Col. Bryan in the past but we can't take any stock in any rough houses at this crucial period in the life of the Democratic party.

THE CLINCHFIELD COAL ROAD.

Wilmington is very much interested in the persistent rumor that the Chesapeake & Ohio Railroad is to lease or control the Carolina, Clinchfield & Ohio Railroad. Interest grows deeper because of an Associated Press dispatch from Spartanburg, S. C., June 13th, in which it is stated that this rumored deal was practically confirmed upon the arrival there of a number of railroad men and bankers concerned in the alleged transaction. Last Sunday those who are said to be concerned in the transaction arrived in Spartanburg over the Clinchfield road, the party having included Edwin Hawley, Frank A. Vanderlip, President George W. Stevens, Vice President Decatur Axell, Frank Turnbull, chairman of the board, and other directors of the Chesapeake & Ohio Road, and S. D. Warfield, of Baltimore, one of the receivers of the Seaboard Air Line. They were accompanied by M. J. Caples, vice president and general manager, and L. H. Phetplace, general superintendent, of the Clinchfield road.

The dispatch goes on to say that one of Spartanburg's entertaining committee mentioned to Mr. Hawley that it had been rumored that the Chesapeake & Ohio was going to take over the Clinchfield. "That's what we are down here for," replied Mr. Hawley, and certainly that seems authoritative. It is said, moreover, that the deal includes the Seaboard Air Line, which will be interested with the Chesapeake & Ohio in controlling the Clinchfield. Referring to this interesting and important railroad rumor, the Spartanburg dispatch says:

"The acquisition of the C. C. & O. by the C. & O. and the S. A. L. will result in the extension of the Clinchfield road from its northern terminus at Dante, Va., to a connection with the C. & O. at Elkhorn City, Ky. From Elkhorn City the C. & O. has a straight line to Kenova, on the Ohio river. The contract for the extension of the Clinchfield, a distance of about 35 miles, was let two years ago, but held in abeyance until it could be learned what would become of the C. C. & O. The leasing of the Clinchfield by the C. & O., and the Seaboard makes the shortest route between Chicago and Florida. The Seaboard connects with the C. C. & O. at Bostic, N. C., and the fear was expressed here today that the Seaboard might divert by way of Charlotte traffic which otherwise would pass through Spartanburg. An experienced railroad man said, however, that conditions are such that this would be inadvisable. For one thing, he said, it would be unduly expensive for the Seaboard to place its line from Bostic to Charlotte, and for the C. & O. to be necessary to care for the traffic. Since George L. Carter, builder of the Clinchfield Railroad, was succeeded in the presidency several

months ago by Mark W. Potter, it has been suspected that a change in ownership or management was impending. This suspicion was strengthened by a recent inspection trip made over the line by Northern capitalists. The fact also that the C. & O. directors voted not long ago to issue a vast amount of bonds for the purpose, among other things, of acquiring other lines, lent color to the report that that railroad was interested in the C. C. & O., which would give the C. & O. an important Southern outlet. The value of the C. C. & O. to the C. & O. and the Seaboard lies in the fact that it is by far the shortest route between the Ohio valley and the South Atlantic States. The road is only 234 miles long and the largest town north of Spartanburg is Johnson City, Tenn., which has only about 10,000 people. The C. & O. has, however, strategic importance, and in addition, taps the rich coal fields of Virginia."

With the Seaboard Air Line participating in the joint lease or control of the Clinchfield road, the rumor at once assumes considerable importance to Wilmington, Charlotte and other cities and towns on the Seaboard between Wilmington and Bostic. Besides making a Western through line, it certainly would mean that some of the coal traffic over the Clinchfield would be diverted over the Carolina Central division of the Seaboard Air Line, which has its deep water terminal at the port of Wilmington. Such a diversion of coal traffic from the Virginia coal fields would certainly magnify the importance of the deal to such cities as Wilmington and Charlotte, for the logical conclusion is that if the Seaboard Air Line is in the deal it will participate for the purpose of using its Wilmington to Rutherfordton line for the purpose of handling coal. Speaking on that point, the Charlotte Chronicle says:

"The rumor is renewed that the Seaboard and the Chesapeake & Ohio are to acquire control of the Carolina, Clinchfield & Ohio road. The report is probably correct. We hope the Seaboard will have the larger share in the deal and that eventually Charlotte will have through traffic arrangements with Johnson City, as was the original plan. The Seaboard could utilize the C. C. & O. property to good effect. Its acquisition of that road, by lease or purchase, would result in great benefit to Charlotte."

It is to be hoped all this railroad talk is true in every particular, for the reason that Wilmington would share with Charleston or any other port in any advantage that would come from making it a coal port. Besides, the advantage of cheaper coal for manufacturing purposes, there is the other important possibility that it will bring about the establishment of an ocean coaling station at this port.

CURRENT COMMENT.

The Democrat who is honest about it and comes clean is not going to have much trouble in explaining his vote.—Durham Herald.

Chicago is the second city in the United States and it was appropriate therefore, that it has opened the second largest and finest passenger station in the United States.—New York World.

The second Sunday in June is observed at the churches of several North Carolina cities as fireman's day. We wonder why! In appreciation of past valor or in anticipation of future danger?—Richmond Virginian.

The whole State rejoices in the honor that has come to Mr. James Sprunt, of Wilmington. The Emperor of Germany has bestowed upon him the decoration of the Prussian Crown. His reports as consul in Wilmington were twice complimented. He is one of the foremost men in North Carolina.—Raleigh News and Observer.

The Seaboard and C. & O. railroads will shortly get control of the Clinchfield, says the Columbia State. This means the extension of the road. The value of the Clinchfield road to the Chesapeake & Ohio and the Seaboard Air Line is that it is by far the shortest route between the Ohio valley and the S. A. L. Atlantic States. The road is only 234 miles long, and the largest town north of Spartanburg is Johnson City, Tenn., which has only about 10,000 people, but the Clinchfield has a strategic importance and taps the rich Virginia coal fields.—Raleigh News and Observer.

There are various ways of boosting a town—some less expensive and also less effective than others—but there is merit in the proposition made by the Meyers company and published in this paper yesterday, to "start something" by organizing an organization company. The idea is for one hundred men to subscribe and pay in \$1,000 in cash each to promote the building of more factories in the city of Greensboro. The Meyers company offers to make one of the number, and takes the initial step by making the proposition to the Chamber of Commerce. The plan is one that has been tried with good results in other cities. It offers encouragement and furnishes confidence to men seeking locations. It furthermore manifests a healthy spirit of co-operation, without which no city can make its most rapid growth in the direction of general community prosperity. It is often the case that a manufacturer seeks a new location or a place to launch a new business; but too often that he grows weary of the search for a place where local capital is not lacking in confidence in its own town, to the point that it can be induced to invest in the enterprise. With such an organizing company here he would have the ready means and the machinery to take immediate hold of a good opportunity when it comes along. Think the matter over carefully, men of Greensboro. There is merit in the proposition.—Greensboro News.

Washington, June 14.—Among the gifts to President and Mrs. Taft on the celebration next Monday of the 25th anniversary of their wedding, will be a magnificent silver service from the members of the Senate. All of the Senators placed their names on the contributing list today and Senator Bacon gave rush orders to the jewellers for the costly present.

A Charming Woman
Is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at R. R. Bellamy's.

WORK AVAILABLE NOTHING

Mistrial Ordered in Cases Against Bradshaw and Kennedy, Jurors Being Unable to Agree—Will Try Again.

The work of the Recorder's court Monday and Tuesday in the trial of the three alleged "blind tiger" cases amounted to naught, as each resulted in a mistrial, making it necessary to again go through the task of selecting jurors, taking of testimony and argument of counsel. It is understood that the cases will be tried again next week. A mistrial was ordered Tuesday in the case against Thomas Jones, colored, and yesterday a similar entry was made in cases against John Bradshaw and Ralph Kennedy, both white men.

It is understood that the jury in the case against Bradshaw stood eight to four in favor of conviction. This was shown on the first ballot and there was no change either way on the succeeding ballots. The eight stood firm for conviction, while the four were equally as determined for the defendant. The Kennedy jury was at first eight to four in favor of conviction, so it was said, but later Tuesday night there was a big change, a ballot showing 11 to one in favor of acquittal. There was no change from this division. The Bradshaw jury reported at 9:20 o'clock yesterday morning its inability to agree and a mistrial was ordered, and the Kennedy jury made a like report at noon.

The cases will be tried again next week. The Jones case is set for next Wednesday and the other cases will be tried immediately following. It seems to be the disposition of the officials to push the prosecution of the cases until some verdict has been returned. In other words, if there are no convictions in cases against defendants for violation of the prohibition law, the people themselves will be to blame and not the officials.

The case against Kennedy was materially weakened from the standpoint of the State by certain evidence introduced by the defendant and permitted by the Recorder over the strenuous objection of counsel for the State. The evidence attempted to show that Kennedy was not the owner of the premises, but that he was merely a tenant, and that the State was bound by the answer and that neither witness Hobbs nor the State was prepared to try the witness on these collateral matters.

Oscar Moseley, colored, was given hearing on the charge of assault with deadly weapon on another negro some days ago, the case coming up from Justice Harris' court. He was found guilty, but judgment was reserved until today. L. Clayton Grant, Esq., appeared for the prosecution, while Woodus Kellum, Esq., represented the defendant. Elijah Davis, colored, tried Tuesday for assault, was found not guilty. Willie Nixon, colored, was tried on the charge of stealing a pistol, but judgment was reserved until today.

HOSPITAL IN MAY.

Report of the Superintendent to the Board of Managers—Donations. The monthly report of Dr. R. B. Seem, surgeon in charge of the James Walker Memorial Hospital, to the Board of Managers at their regular monthly meeting, shows that during May the hospital did an unusual amount of work. The number of patients remaining April 30th was 39 and 114 were admitted during May, making a total of 153. Of this number 88 patients were discharged during the month, five died and there were remaining on June 1st, 93 patients. The number of days treatment furnished charity patients was 785 and pay patients 667, making a total of 1,452. There were 48 operations during the month and 581 dressings were furnished, while the ambulance responded to 54 calls. In the out-patient department 63 new cases were received and 25 old cases, total 88. Dressings on new cases to the number of 84 were furnished and 79 dressings on old cases. The donations for May included window shades and fittings of same from Nurses' Home and Colored Nurses from Mr. J. H. Rehder; freezer of ice cream from Mr. W. H. Sprunt; twelve quarts of strawberries from Mrs. W. L. Parsley, and sick room supplies from Mr. Sam Bear, Jr.

RED MEN'S EXCURSION.

Annual Outing at Carolina Beach Yesterday Was a Big Success. The Red Men gave their annual excursion to Carolina Beach yesterday the steamer Wilmington making three trips to accommodate the pleasure seekers. A most delightful outing was had, the weather being perfect for such a trip and not a single incident occurring during the day to mar the pleasure of any member of the party. One of the largest crowds of the season—between five and six hundred—took advantage of the occasion to spend a day at the ever-popular resort. The last boat to the city arrived at 11:30 o'clock last night and it was crowded with Red Men and their friends who had remained at the beach the evening. All expressed themselves as having had a most pleasant outing.

Work Will Soon Start after you take Dr. King's New Life Pills, and you'll quickly enjoy their fine results. Constipation and indigestion vanish and fine appetite returns. They regulate stomach, liver and bowels and impart new strength and energy to the whole system. Try them. Only 25c. at R. R. Bellamy's.

Get ready for the great Mill End Sale. Starts Monday, June 19th, at Rehder's Big Store. Greater bargains than ever before.

"For Killarney and You." Beautiful ballad sung by Mr. Tally today—Grand Theatre.

HIT BY STRAY SHOT.

Little Negro Wounded Yesterday When Officer Shot at Dog. Arthur Wallace, a little negro boy, was painfully wounded yesterday morning when he was struck in the forehead by a stray shot from a shot gun fired by a member of the police department at a dog thought to have rabies. The lad was standing in St. James' alley, about ten feet from Orange street and only a short distance from his home when he was hit by the stray shot. The officer was on the south side of Orange, between Eighth and Ninth, and fired across the street at the dog who was going rapidly toward the home of its owner. Before shooting, the officer made certain that there was no one on the street who could possibly be hit by a stray shot, but he could not see down the alley in which the little negro was standing. The officer desired to kill the canine before it again got back in the house. As soon as the gun was discharged the officer realized that some one had been hit by a stray shot for he heard the yell of pain from a child. The dog was wounded, but not killed. Running upon the porch the officer struck the dog over the head with the butt of his gun and then shot it with a pistol. Throwing the dog's body into the alley, he went to the assistance of the child, who was first taken to a nearby store and then to the hospital, where it was stated that he has a splendid chance to recover. The shot ended just above the left eye.

Yesterday afternoon the police received a report that there was a dog on Eighth and Harriet thought to be mad. It is believed that the unusual warm weather which has prevailed for some days in largely responsible for the number of affected dogs. Later the police received a report that the dog was sick and the owner wanted a policeman to kill it. Not being in the business of killing "sick dogs" which show no symptoms of hydrophobia the police declined to respond to the call.

OCEANIC HOTEL COMPANY.

Stockholders to Dine and Inspect Improvements of the Property.

The Board of Directors of the Oceanic Hotel Company this evening invited the stockholders to an informal supper given complimentary to them at the splendid new hotel on Wrightsville Beach. Formal invitations have been sent to a number of the stockholders, but if for any reason, any stockholder has not received an invitation he is cordially invited anyway and will be cordially welcomed by Manager Hooper and the Board of Directors. Supper will be served at 8 o'clock and guests are expected to go down on the 6 or 6:30 car, so that they may have time to inspect the hotel and the recent improvements that have been made. Those who expect to attend are asked to kindly advise Mr. Thos. H. Wright by 10 o'clock this morning.

The Oceanic is now open for the season and is rapidly filling with guests. The hotel is a beautiful one, and the beach community as a host and his splendid hotel is already enjoying a season of great prosperity.

Y. M. C. A. NOTES.

Swimming Pool and Gymnasium Popular—Yoke Fellows Meetings. The big swimming pool at the Y. M. C. A. is an exceedingly popular feature of the place during hot weather and crowds are going in every day. The pool is constantly kept supplied with fresh water, this and its size making it a fair substitute for the beach. Wrestling and boxing are also becoming popular in the gymnasium, along with volleyball, another appropriate game for the summer season.

The Yoke Fellows are holding a series of special meetings at East Wilmington this week. Dr. A. D. McClure conducted the services Tuesday night and M. O. Alexander led last night, while Rev. Thos. P. Noe will officiate tomorrow night and Rev. G. T. Adams Friday night. It is expected that much benefit will result from these meetings.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: W. M. Cunningham and wife to J. W. Brooks, for \$250 and other considerations, lot on west side of an alley in block 34 at a point 60 feet north of Wright street; by another deed Mr. Brooks and wife transfer the property to A. L. Miney, for \$1,600; Wm. H. Norwood and wife, of New York, and others, for \$1,900 and other considerations, Col. Walker Taylor and wife, lot on southeast corner of Fifth and Brunswick streets, 41x66 feet in size; Alfred L. Price and wife to Sallie Ennett Jarman, for \$10 and other considerations, lot at Carolina Heights, on south side of Princess, 140 feet east of 19th, 70x150 feet in size.

FRENCH MILLINERY PARLORS.

Now Removed to Second Floor of Solky Building—New Quarters.

The hundreds of friends, patrons and the public generally, will be interested to know that the French Millinery Parlors have now removed to the second floor of the Solky building, on North Front street, where the proprietors will be delighted to have their friends call. The parlors were formerly located on the third floor of the D. Brown Dry Goods Company building, but may be found in the future on the second floor, over the Grand Theatre, Rooms 5, 6 and 7. The Millinery Parlors are now in much better position than ever to serve the trade and will appreciate a call from friends and the general public.

INTERNATIONAL CONVENTION, UNITED SOCIETY, CHRISTIAN ENDEAVOR, ATLANTIC CITY, JULY 6, 7, 8, 9, 10, 11 AND 12, 1911. On account of the above occasion The Atlantic Coast Line will sell round trip tickets on July 3, 4, and 5, from Wilmington to Atlantic City at \$19.55, with return limit July 19, but tickets may be extended to August 15th, by deposit with joint agent and payment of \$1.00.

For further particulars, schedules, reservations, etc., call phone 160.

ATLANTIC COAST LINE.

WANT NOISELESS PAVEMENT

But Abutting Property Owners Defer Recommendation of Kind of Material Desired on Front Street.

Although unanimously in favor of a pavement as nearly noiseless as possible to take the place of the present unsightly and noisy cobblestones on Front street, the improvement of which will soon be undertaken from the union station to the north side of Castle street, the large number of abutting property owners in session in the rooms of the Chamber of Commerce yesterday afternoon, declined to recommend to the City Council any particular kind of pavement, but hope to be granted the privilege of conferring with the city officials before the contract for the improvement has been let.

Practically everybody in the city desires that the street be paved with bituminous, asphalt or wooden blocks or some such material which is practically noiseless, and a great many have said that to pave the street with vitrified brick would be but a little improvement over the present thoroughfare. The Mayor and every member of the Council was present at the meeting yesterday afternoon and the statement was made that the Councilmen have not yet decided what kind of pavement will be used, and that in order that they might be in better position to make selection Councilman P. Q. Moore has been authorized to visit the city and ascertain kind of pavement used, cost and durability. Mr. Moore will leave in a short time now to make this investigation and upon the information gleaned on this trip, coupled with his knowledge of local conditions, Mr. Moore will make his recommendation to the Council as to the kind of pavement to be used not only on Front street, but the other streets which will be improved as rapidly as they can be reached.

A report was current a few days ago that the Council had practically decided upon vitrified brick as the most suitable pavement for Front street, and it was this report which caused the property owners on Front street to get busy and call a meeting for the purpose of making some recommendation to the Council. Later it was learned that the Council had not determined upon the kind of material to be used, but it was thought that no harm could come of the meeting and quite a number assembled in the rooms of the Chamber at the appointed time. By special invitation Mayor Josiah W. Bailey, Councilmen Perdue, Tiencken, P. Q. Moore and B. C. Moore, were present. Among the interested citizens were noted Mr. W. Jacob, J. H. Hinton, E. H. Munson, W. A. French, A. B. Skelding, T. W. Wood, Geo. O. Gaylord, Marshall Street, Cuthbert, Martin, J. E. Ruff, I. Shier, J. G. L. Gieschen, W. N. Roy, A. S. J. Jewett, M. Rosenmann, A. David, Martin O'Brien, B. Solomon, W. Cooper, John W. Plummer, L. J. Merriman, J. V. Grainger, W. B. Cooper and City Engineer Pillet.

Mr. M. W. Joshi was made chairman and presided over the meeting. He said that he understood that the meeting was called for the purpose of conferring with the city officials relative to the kind of pavement to be used on Front street, which he understood was soon to be improved. Councilman P. Q. Moore was called upon, and he said that he did not understand that the Councilmen had been invited to talk but that they were present to hear a discussion of the matter. He stated, however, that the Council had not decided what kind of pavement would be used and that he would take a trip in a few days to learn more about paving in other cities before the contract was let for the work. Mr. Moore said that the Council will give to the city the best pavement possible.

Mr. Wood spoke against the use of vitrified brick, but declared that he would be satisfied with bituminous, asphalt or wooden blocks. He wanted something which would be as nearly noiseless as possible. Mr. Merriman told of his observations of street paving in Norfolk, where there is a frequent visitor. There asphalt and wooden blocks are used to a large extent, the wooden blocks being the most suited for streets on which there is heavy traffic. He was told by the assistant city engineer that he preferred the wooden blocks to vitrified brick or pavement for Norfolk and that he wished the city did not have a foot of vitrified brick. Mr. Merriman referred to the fact that if wooden blocks are used on Front street, the city would be patronizing a home industry, the wood being a product of North Carolina, and there is already a movement on foot to establish a creosote plant in this city.

Mr. O'Brien thought it would be unwise for the meeting to recommend any particular material in view of the fact that the Council had not yet selected a pavement and that a member of the Council would soon be sent off for a trip of investigation. He thought, however, that the Council should give the people an opportunity to be heard before finally deciding upon the kind of pavement. He also favored the selection of pavement which would be very nearly noiseless.

Mayor Smith made a short talk in which he said that the Council is not prepared to say what kind of pavement will be used, and remarked that he was glad that none of the speakers had suggested that the Council would put their heads together they would have a block.

Mr. W. A. French moved that it be the sense of the meeting that Council obtain the best pavement possible, most noiseless possible and most accessible to repairs. The motion was adopted with an amendment by Mr. O'Brien that the Council give the citizens a chance to be heard before adopting the kind of pavement to be used. Mr. A. B. Skelding, general manager of the Tidewater Power Co., which will pay a big portion of the cost of the pavement, was called upon and he stated that no matter what kind of pavement is put down he would ask the Council to allow the company to pave its portion with either brick or wooden blocks, owing to the fact that with either repairs to the track could more easily be made. The meeting then adjourned.

REDUCED RATE TO PARK.

Tidewater Company Puts on Five-Cent Fare to Race Tracks.

The race track recently built by the Wilmington Driving Association and known as "Highwood Park," being outside of the single fare limit, the regular rate to that point from anywhere inside of the city has been 10 cents cash, or two city tickets each way. At the request of the Driving Association and in view of the fact that it is expected that these grounds will later be used for the purpose of a fair association, the Tidewater Power Company has decided to reduce this fare to a round-trip fare of 10 cents from the junction at Front and Princess streets.

Round-trip tickets for 10 cents will be sold to the park. This will entitle the holder to transportation on certain suburban cars from the junction or any intermediate point, to Highwood Park and return. On the outward trip transfers and city tickets (less than the customary two tickets each way) will not be accepted in lieu of the above mentioned special tickets. The regular transfers to the city conductors will give transfers to the city line.

The officials of the Driving Association have expressed their appreciation and entire approval of this new rate. On Friday and Saturday of this week, which will mark the opening of Highwood Park, the park service will be taken care of by special cars. The Beach cars leaving the junction at 2:30, 3:00, 3:30, 4:00, 4:30, will not stop at the park.

ATLANTA PARTY COMING.

Large Number Expected This Week From Georgia Metropolis.

It is expected that a large party of Atlanta people will arrive at Wrightsville Beach this week for a stay of ten days or longer, as the excursion rate over the Seaboard Air Line is effective today. Mr. Edgar L. Hinton, manager of the Seashore Hotel, stated yesterday that a large number of reservations had been made by Atlanta people expected to arrive this week. From now on it is expected that the daily arrivals of Atlanta people will be large. Among the recent arrivals at the Seashore Hotel are: Miss Nell L. Jenkins, Knoxville, Tenn.; B. H. McLeod, Tifton, Ga.; E. Schenck, Greensboro; Harris Bristow and W. C. Adams, Bennettville, S. C.; L. S. Evans, Spartanburg, S. C.; F. B. McDowell and wife, Charlotte; L. E. Tilley, Rocky Mount; Rev. J. McK. Pillinger and P. N. Pillinger, Raleigh; Mr. and Mrs. J. B. Stroud, Greensboro; Mr. and Mrs. E. B. Stroud, Sanford.

FOUND ASLEEP UNDER HOUSE.

Three Negro Youths Arrested Last Night on Vagrancy Charge.

In the arrest last night of Bertram Levann, Willie Williams, alias "Rocky Point," and Jas. Edwards, negro youths, the police believe they have captured the trio responsible for many of the robberies and thefts committed in the city during the past few weeks. The negroes were found under a vacant house on Campbell street between Fourth and Fifth, where they have been sleeping for some time. The trio had been seen around the house for some days by members of the fire company and they reported their observations to Patrolman J. E. Parker, who with the assistance of Sergeant Cuthbert, searched the premises shortly before last midnight and found the boys under the building sleeping soundly. A charge of vagrancy has been preferred against the youths.

INNES-GREEN WEDDING.

Young Couple Married Yesterday at Manse of St. Andrew's Church.

Mr. John Innes, Jr., of Bolton, and Miss Alice J. Green, daughter of Mrs. Minnie C. Green, of Wilmington, were married at the Manse of St. Andrew's Presbyterian church yesterday afternoon at 2:30 o'clock and were married by the pastor, Rev. Dr. A. D. McClure. Mr. Innes is a son of Mr. and Mrs. John Innes of Scotland, in which county he was born. He formerly lived in Wilmington, but of late has been living at Bolton, where he holds a position with one of the Waccamaw Lumber Co.'s mills. His bride is a young woman of fine character and pleasing personality and both young people have many friends in this city and section who wish for them a long and happy married life. Mr. and Mrs. Innes will make their home at Bolton.

MRS. MARY G. BAKER DEAD.

Passed Away at Her Home in Charleston, S. C., Tuesday.

Many friends in this city learned with infinite sorrow of the death of Mrs. Mary G. Baker, who passed away Tuesday at her residence on Franklin street, Charleston, S. C., where she had resided for a number of years. Mrs. Baker was a daughter of the late Mr. John G. Bauman, of this city, and is survived by two daughters, Miss Louise Baker, and Mrs. William McCants Williams, of Charleston, three sisters, Mrs. E. Peschan and Mrs. M. A. Hayden, of Wilmington, Mrs. E. P. Dudley, of Brunswick, Ga., and two brothers, Mr. Henry T. Bauman, of this city, and Mr. John G. Bauman, of Jacksonville, Fla. The bereaved have the deepest sympathy of a great many friends in this city.

Civil Service Examination. The United States Civil Service Commission announces an examination on July 19-20, 1911, to secure eligibles from which to make certification to fill vacancies as they may occur in the position of mechanical draftsman, Ordnance Bureau, War Department, at entrance salaries ranging from \$900 to \$1,200 per annum, and vacancies requiring similar qualifications, unless it shall be decided in the interest of the service to fill such vacancies by reinstatement, transfer, or promotion. Men only will be admitted to this examination.

BIG CARGO OF MOLASSES.

Schooner A. B. Barteaux Brings 121,000 Gallons—Port Record.

With the largest cargo of molasses ever brought to this port, the British schooner A. B. Barteaux, which has been at quarantine for several days, was released yesterday and proceeded up the river to the wharf of the C. C. Covington Co., her cargo being consigned to this firm. The schooner comes from Barbados and brings 121,000 gallons, which includes 300 puncheons and 1,823 tierces. The Barteaux has visited this port before with the same cargo, on the previous occasion bringing 116,000 gallons, which was the record until her arrival this week. The C. C. Covington Co. have been importing molasses from the West Indies for a number of years and the same schooner brought the large cargo to this firm last year.

Olsen Found Guilty.

Oscar Olsen, a big Norwegian sailor who assaulted the captain of the Lina C. Kaminski on the wharf Tuesday and resisted Deputy Sheriffs Kelly and Temple when they went to arrest him, was tried before Justice Harris yesterday, on charges of assault and resisting arrest. He was found guilty on the charge of assault, and sent to the Recorder's court for trial on the other charge. Justice Harris has not pronounced sentence as yet.

Wins Fight for Life.

It was a long and bloody battle for life that was waged by James B. Mer-shon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hay fever or any throat or lung trouble it is supreme. 50c. and \$1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

SOCIAL & PERSONAL

Friends of Miss Bessie Toon will learn with pleasure that she is rapidly recovering from a serious attack of fever.

Mrs. Nancy Garrett and Miss Katie Cowan have returned from Springfield, Ga., where they visited relatives and friends.

Mrs. W. S. Glenn, of Spartanburg, S. C., is spending a few days with her sister, Mrs. A. D. McClure, on North Fourth street.

Little Miss Virginia Farmer, daughter of Mr. and Mrs. Robert Farmer, went to Asheville Monday, where she will spend several weeks.

Mrs. Archie Cannon, of Concord, and Mrs. O. T. Wallace, of Louisville, Ky., are visiting their parents, Mr. and Mrs. E. Borden, on North Third street.

Yesterday's Charlotte Observer: "Mr. and Mrs. J. M. Oldham will leave tomorrow for Wrightsville Beach, where they will spend ten days as guests at the Oceanic."

Mrs. J. H. Foster will entertain the members of her Sunday School class, the Helping Hand, composed of over 125 men and women, at the parsonage, No. 411 Dock street, this evening at 8:30.

Miss Gay King, of Pamlico county, who recently underwent an operation for appendicitis at the James Walker Memorial Hospital, has sufficiently recovered to be removed to the home of her uncle, Mr. W. T. King, on South Fourth street.

The ladies of the North Carolina Sorosis invite all their friends and the public generally to go on a moonlight excursion up and down the Cape Fear river tonight, June 15th. The steamer Wilmington leaves the wharf at 7:45 o'clock. Refreshments will be on sale and music aboard; so a jolly good time is assured everybody.

Invitations have been received in this city reading as follows: Mr. and Mrs. John Bryant King request the honor of your presence at the marriage of their daughter Mamie

to Mr. William Thomas Atkinson on Wednesday afternoon, June the twenty-first, nineteen hundred and eleven at five o'clock Sanford, North Carolina.

DELIGHTFUL SOCIAL SESSION LAST EVENING.

In the lecture room of the First Baptist Church, a social session was held last evening for the purpose of providing an opportunity for the new members to meet the old members of the church. The delightful affair was a success in every way, about 500 being present. Refreshments were served and an orchestra furnished delightful music throughout the evening. It was one of the largest and most enjoyable gatherings of the kind held by the church in many months.

Attractive cards bearing the following announcement have been received in the State:

You are cordially invited to attend the Celebration of the Third Anniversary of the

Breaking of Ground for the Building of The East Carolina Teachers' Training School

Ten-thirty A. M. Friday, June 30, 1911 The Summer Term of the School will be in session

Appropriate Addresses will be delivered by Governor Kitchen and other Distinguished Speakers

Greenville, North Carolina 1908-1911.

PERSONAL PARAGRAPHS.

—Mr. A. S. Kirby, of Phoenix, spent yesterday in the city on a business trip.

—Friends of Mr. David Murchison regret that he is confined to his home by an attack of typhoid fever.

—Messrs. B. S. Mills and A. D. O'Brien have returned from a business and pleasure trip to Philadelphia.

—Mr. Edward Savage has returned to Wilmington from Hendersonville, where he has been for some time.

—Messrs. Allan Pechtig and Archie Craft have returned from school to spend their Summer vacations at home.

—Mr. Frank Stillman, of Philadelphia, who has been spending some time at Southport, was in the city yesterday.

—Mr. A. T. Bowler, of Sanford, Fla., arrived in the city yesterday and will spend some time in the city, his friends will be delighted to know.

—The many friends of Mr. Frank P. Turrentine are delighted to see him in the city again. He has been spending the past several months in New York.

—Many friends of Mr. James Fennell will learn with regret that he is ill with fever at the home of his parents, Mr. and Mrs. H. L. Fennell, on Wrightsville Sound.

—Messrs. Walter Davis, Herbert Davis and R. B. Lewis, all popular young Wilmingtonians, left yesterday to spend a week camping on the Hammocks. They are anticipating a very enjoyable vacation.

—Among yesterday's arrivals at The Southern Hotel were M. I. Prince, L. S. C. J. R. Pierce, Raleigh; J. D. Hedrick, Clarkston; G. W. Kelly, Jr., Rook's, N. C.; R. D. Bridgen, Currie; Joseph Snell and A. Taylor, Hamlet.

—Among the arrivals at The Orion yesterday were: Mr. and Mrs. F. M. Hittche, Concord; G. C. Adams, Fayetteville; Harris Bristow and W. C. Adams, Bennettsville; C. Nathan O'Berry, Goldsboro; A. A. Wright, Wallace; N. J. Crocker, Burgaw; W. A. McIntosh, Newbern; H. C. Marley, Greensboro.

"Come in and Cool Off." Hear Mr. Tally sing, the orchestra play, and see the finest pictures in the city. Grand Theatre today—every day.

LOCAL DOTS.

—Ernest Hallixson was tried and found guilty yesterday by Justice Harris of enticing seamen from a ship, but judgment has not been pronounced as yet.

—The patrol wagon, probably better known as the "Black Maria", is undergoing some badly needed repairs. An ordinary street hack is being used as the patrol until the necessary repairs are made to the wagon.

—Will Kennedy, who is said to have assaulted Mr. L. W. Page, a street car conductor, at the carnival grounds May 13th, and who has since absented himself from the city, returned Tuesday and was promptly arrested. He was tried before Justice Harris yesterday and the case was sent up to the Recorder.

—L. Clayton Grant, Esq., will go to Southport this morning to appear for W. F. Smith, of that place, who will be given preliminary hearing today for selling whiskey, having been arrested yesterday, according to a telephone message received by the attorney. It was also stated that another man was arrested on a similar charge.

—Four arrests were made late yesterday afternoon as the result of a general row in Racket Store alley. Fannie Williams and Gertrude Fillyaw were arrested for disorderly conduct and a short time later Nelson Jenkins was taken on the charge of vagrancy and Maggie Davis was seized with deadly weapon on Fannie Williams, it being alleged that she used a brick bat. The quartette were lodged in the city prison to await hearing.

Arrested on Two Charges.

Warren Moore, a white man, was arrested yesterday morning by Patrolman M. C. Huggins, on two warrants, both charging assault upon A. G. Davis, who made the affidavits. One warrant charges assault with deadly weapon, it being alleged that the defendant pointed a pistol at the affiant at the foot of Market street on Tuesday, while the other alleges that the defendant "seized upon a boat in the river in which was the affiant and ducked the occupants." Moore was released upon his own recognizance to await hearing before the Recorder today.

Burglary in Boarding House.

Yesterday night a boarding house of Mrs. D. C. Pennell, on North Second street, a burglar effected an entrance and managed to steal a sum of money amounting to something like \$15 before he was frightened away. Mr. L. J. Devane and Mr. Bost were the victims of the marauder. Bost had a large sum of money in the pockets that were later gone through by the thief, but fortunately he had removed all but the loose change before retiring.

Mrs. Ann Walker Dead.

Many friends in this city of Mrs. Ann Sophia Walker were deeply shocked to learn of her death, which occurred yesterday morning at her residence, No. 116 Dawson street. Mrs. Walker was 65 years old and survived by a son and two daughters, whose many friends deeply sympathize with them in their bereavement. The body will be taken to Pender county today for burial.

Another Souvenir Dance.

Another souvenir dance will be given at Lumina tomorrow night. These dances are proving as popular as ever and are attracting large crowds. There will be a fine car schedule and accommodations for all who will attend.

EDITOR'S NOSE BROKEN.

Peculiar Accident in Automobile—(Special Star Telegram.)

Goldsboro, N. C., June 14.—While out driving in an automobile this afternoon, Col. Jos. E. Robinson, editor of the Goldsboro Daily Argus, was the victim of a very peculiar accident. While going at a fast speed, the machine struck a brick bat and threw the editor against the side framework of the auto breaking his nose, which for a short while put him out of commission. The accident occurred several miles from the city and the faithful "old" scribe suffered intense pain while he was hurried to the city, but tonight he is getting along nicely and with the exception of a very badly bruised nose is none the worse for his unfortunate accident.

In the fastest ball game of the season Pikeville met their first Waterloo this afternoon when the local club defeated them by a score of 4 to 2. The game was featured with excellent plays and Dees, who was on the mound for the visitors, pitched a good game and is great on catching runners napping on the bases. Tuttle, the local twirler, allowed only four hits, the heavy hitting "Bull" Thompson, getting two of these which were responsible for Pikeville's not getting nine goose eggs marked up against them.

The Raleigh boys play here Thursday and Friday and large crowds will attend the games as they will be among the best of the season. Goldsboro challenges any amateur club in the State.

ITCHING IRRITATION.

Worst Form of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try HOKARA, a pure and simple skin food, that is guaranteed to contain no grease or acids and which is so clean that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft white and beautiful is almost miraculous.

Not only are minor skin troubles, like pimples, blackheads, acne, hives, etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleaned and healed by this wonderful skin food.

In order that any one may try HOKARA at small expense, J. Hicks Bunting Drug Co. are selling a liberal sized jar at 25 cents, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it. Larger size 50 cents.

If the skin trouble is caused by impure blood or if the bowels are inactive, use HOKARA Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

WITH SOUTHERN PUBLISHERS.

Are in Favor of Reciprocity—Officers Are Elected.

Louisville, Ky., June 14.—A banquet at the Louisville Country Club as the guests of the Louisville Times and the Louisville Courier Journal, followed the adjournment of the convention of the Southern Newspaper Publishers' Association after the election of officers, the selection of Knoxville, Tenn., as the next meeting place and the adoption of two important resolutions. The first resolution endorsed the Canadian reciprocity treaty. In part it is as follows:

"We urge upon the Senators from the Southern States to vote for the Canadian reciprocity bill now before the Senate. We request this, first, because we believe the reciprocity measure will prove beneficial to all the people of the United States. We also urge the Southern Senators to support the measure on account of the provisions in the bill regarding print paper and wood pulp not because we are asking special legislation for our own benefit, but because we believe these measures to be fair to the manufacturers of print paper in this country as well as to the newspapers, for the reasons so clearly elucidated by the President in his Chicago speech."

The second set of resolutions were unanimously adopted. They are as follows:

"We endorse the general purpose of the Southern Commercial Congress to bring to our people the right understanding of Southern resources and the prospects for developments and enrichment which these resources afford, and the broad patriotism of the congress embodied in its slogan for a greater nation through a greater South."

"We recommend to all publishers of the South the material advantages of publishing from time to time, the progress facts of the whole South as news. We commend the purpose of the Congress to prepare such part as part of its general promotion work in the South. We favor raising by popular subscription at the appropriate time this year, the general advertising fund of the South to be administered by the executive committee of the Southern Commercial Congress and by the following committee of the Southern Newspaper Publishers' Association:

Frank H. Glass, Montgomery; W. B. Johnston, Knoxville, and William Clemens, Memphis.

The following officers were unanimously elected to serve during the ensuing year:

R. W. Brown, president, the Louisville Times; Victor H. Harnett, president, the Birmingham News; Geo. W. Brunson, Jr., secretary and treasurer, the Greenville, S. C. News; Robert H. Jones, of the Asheville Citizen, was elected a member of the executive committee.

DEBATE ON RECIPROCITY.

Several Events Marked Bill's First Day in Senate.

Washington, June 14.—The first day of the consideration of the Canadian reciprocity bill by the Senate was characterized by several events. In addition to listening to speeches by Senators Curtis, of Kansas, and McCumber, of North Dakota, in opposition to the measure, the Senate made the bill the unfinished business on the calendar and without opposition changed the regular daily hour of meeting from 2 o'clock to 12 o'clock; noon, which is expected to materially assist in disposing of the speeches. Senator Penrose, in charge of the bill today, expressed satisfaction at the outlook saying he believed there will be general co-operation in bringing the discussion to a close as speedily as possible.

Senator Bristow today introduced an amendment reducing the sugar duty. His amendment would strike out the Dutch standard provision of the present law and removed the differential between raw and refined sugar, so that the duty would be 95 cents per hundred on sugar testing 75 degrees and 1-2 cents for each additional degree. Mr. Bristow expressed confidence that the amendment would receive a considerable vote.

TRIAL IN CAUCUS.

Attempt to Extend Legislative Programme in the House.

Washington, June 14.—An attempt to extend the legislative programme of the Democratic majority in the House at this extra session of Congress failed completely tonight at a caucus of the Democratic representatives. The result is a reinforced determination of the Democrats to confine their legislative efforts at this session to the tariff.

Among matters which the caucus turned down were the bill providing for a change from three to five years as the enlistment period in the army and other re-organization bills introduced by Chairman Hay of the Committee on Military Affairs.

Bills which the Committee on Naval Affairs wishes to have passed at this session and other minor bills and emergency measures were denied consideration.

"The action of the caucus simply means we will go ahead with the tariff programme as originally outlined at the opening of the session," said Democratic Leader Underwood.

GUARD AGAINST CASTRO.

Fillbuster Expedition of Former Venezuelan President Watched.

Washington, June 14.—Clipraro Castro, former president of Venezuela, now said to be planning to return himself to power, will get no aid from any persons in the United States if redoubled vigilance of the secret agents of the State Department and the Department of Justice can prevent it.

The report of Castro's presence at Haiti caused orders to be issued today which will have the effect of a double guard being set at New Orleans and other points along the Gulf coast from which a filibustering expedition might find aid.

London, June 14.—Judge William H. Moore, of New York, was the winning American exhibitor at the horse show at Olympia today. He captured first prize in the class for novice tandem with his pair of bays, Marquise and Lady Aukland. In the class for novice pairs, not exceeding 15 hands, he won fifth prize, with Charm and Memento Pride and sixth with Bruno and Kara.

..Theatrical..

The Grand is hardly big enough to hold all the people who flock in to see and hear the good things the management is offering these days. Mr. and Mrs. Tally were a big success last night and their rendition of "In Dear Old Tennessee" was enjoyed to the extent of two or three encores after each rendition. Today Mr. Tally will be heard in "For Killarney and You," one of the most beautiful ballads ever written. The Victor Phonograph Co. paid Mr. Tally a neat sum for singing this song on one of their records which alone is proof enough of its excellence. The pictures for today are all new and will be some of the best ever seen at the Grand. Be one of the wise ones and go where the big crowds go. Doors open at 2 P. M.

At the Bijou.

The warm weather has a tendency to drive folks to the Bijou rather than to seek the streets and the country, but, of course, there is a reason. It is because the Bijou is always delightfully cool. No matter how high the mercury climbs the Bijou is always cool and comfortable. No matter how scorching the weather the Bijou always has an abundance of fresh air to serve its patrons. Many electric fans, the most modern makes, and the freest ventilation are the factors that make the Bijou such a desirable place during the hottest of weather.

Then coupled with this, one of the biggest and best shows to be seen anywhere, and at the small expense of 5 cents, and there can be no wonder that the popular place is jammed upon all occasions. Yesterday's bill was as refreshing in nature, as was the cool temperature inside the theatre. It was a big and merry bill, each film being a feature and the musical numbers being decidedly jolly. Mr. Frank Banks' singing was especially appreciated and the popular balladist came in for his usual share of big applause. Today's bill is going to be another big one. A number of moving picture surprises are promised, together with a superb musical programme.

The Airdome.

This evening at the Airdome, the male quartette will sing "All Alone," one of the most beautiful songs of the day, suitable for the blended voices. Several new photo-plays will be shown, including a subject "Do Not Judge Rashly," a clever dramatic picture. The other films will contain plenty of comedy. Mr. Reilly will sing "I'll Make Ring Around Rosie," illustrated with a number of new instrumental selections will comprise the orchestral part of the performance. The Airdome is always cool, and generally a good breeze is stirring, making it a most delightful place of amusement possible.

TAFT FACING BUSY WEEK.

Silver Wedding Celebration and Dozen Speeches on Long Trip.

Washington, June 14.—President Taft will have a busy time next week, starting on Monday with the silver wedding celebration at the White House. Leaving town Tuesday, the President will travel several hundred miles by land and by sea, will make possibly a half dozen speeches and will not get back to the White House before Saturday.

The trip will include New York, New Haven, Connecticut, Fall River, Washington for New York Tuesday morning; will spend the afternoon in New York and depart for New Haven that night. At New Haven the President will attend the Yale University commencement exercises and the meeting of the Yale corporation, of which he is a member.

From New Haven he will return to New York and Thursday night will speak at Manhattan Beach to the New York Bankers' Association and the New York Chamber of Commerce. The Aldrich currency plan and reciprocity will furnish him with subjects for these speeches. That night he will sail from Seagate, L. I., on the Mayflower for Fall River, where Friday afternoon he will make an address at the 20th anniversary celebration of the foundation of the New England cotton industry.

From Fall River the President will go to Providence to become the guest of the Conservative Club. He will leave Providence Friday night on the Mayflower for New York and from there return to Washington.

AS TO VENEREAL DISEASES.

Declared Menace to Public Health by Dr. Frederic Bierhoff.

Boston, June 14.—In an address before the National Conference of Charities and Correction today, Dr. Frederic Bierhoff, of New York, drew attention to the great and increasing gravity of venereal diseases as a menace to the public health and urged that measures be taken to prevent the spread, as far as possible. He presented statistics which showed that the prostitute is the most prolific disseminator of these diseases, and urged that measures be employed to provide for a sanitary supervision of these individuals and for their adequate treatment, when found, after conviction, to be diseased. He contended that the policy of American States and cities of non-interference hitherto followed had not proved successful in diminishing the prevalence of these diseases.

AT LUMINA

Tomorrow Night

PENDER INDUSTRIES.

Gum Cross Ties Being Shipped to Panama—The Huckleberry Crop. (Special Star Correspondence.)

Rocky Point, N. C., June 14.—Light rains fell here Tuesday cooling the air and laying the dust, still rain is needed all over the country.

Mr. Will Pearsall has a contract for a lot of black gum cross-ties that are being sawn at Lanes' Ferry to be transported via the steamer Duplin to the Panama Canal. It seems that after being treated with a preservative they are immune from insect attacks in that hot climate. This despised black gum is becoming an integral in the development of that great enterprise—Score another for Pender.

Score one for Senator Simmons on his vote against Canadian reciprocity and its pop-pop gun.

The timber lands of Pender that have been cut over—just the natural wild woods—are becoming immense huckleberry orchards. Capten Tom Harrelson has 150 acres that it is said will produce 10 crates per acre. Pender blues are now bringing \$7.00 per crate. They grow spontaneously; nothing to do but go out and pick and ship them to the Northern markets. Look to your laurels, Sweet Sampson, or Progressive Pender will have you "skint."

Score another for Senator Simmons. If reciprocity carries those pauper Canadian huckleberries on which there is now a duty of five cents per quart, will drive the Sampson and Pender berries out of the market.

SOUTHERN SENATORS LOSE.

Negro Becomes Assistant Attorney General After Long Fight.

Washington, June 14.—After a fight lasting more than two months the Senate today confirmed William L. Lewis, the Boston negro attorney to be assistant attorney general of the United States. The fight on Lewis' confirmation was waged by Southern Senators, who until today prevented action.

Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

Foley Kidney Pills.

Are tonic in action, quick in results. A special medicine for all kidney and bladder disorders. Mr. Fred Biddies, 732 Wayne Ave., Dayton, O., says: "For a good reliable cure for kidney and bladder troubles I know of nothing better than Foley Kidney Pills. They fixed me up in good shape. They regulated the action of my kidneys and cured me of an old case of rheumatism and also of a lame back. Foley Kidney Pills have my highest praise." R. R. Bellamy.

SEAMEN OUT ON STRIKE.

Walk-Out Formally Declared at Many Foreign Ports.

London, June 14.—The seamen's strike was formally declared tonight at London, Glasgow, Liverpool, Cardiff, Bristol, Southampton and other British ports and also at Belgian and Dutch ports, but the chances of any international strike being declared seem remote. So far as tonight's indications show, the confidence of the shipping federation is well placed, for at hardly any of these ports was enthusiasm displayed for the strike and the ship-owners maintain an attitude of indifference, seemingly satisfied that they will have no trouble in filling the places of the strikers, who thus far can be counted by hundreds.

At a meeting in East London tonight attended by 3,000 sailors and firemen, the signal for the strike was given. This consisted in the firing of three rockets and the unfurling of a banner inscribed: "The war is now declared."

MAIDEN SPEECH IN HOUSE.

Representative Berger, of Wisconsin, Takes Part in Tariff Debate.

Washington, June 14.—The maiden speech of Representative Victor Berger, of Wisconsin, the only Socialist member of Congress, was the feature of an otherwise dull day's general debate in the House on the bill for the revision of the woolen schedule. While proposing to vote for the pending Underwood wool bill, Mr. Berger declared that there is no such thing as protection to labor in tariff bills and that any such pretense was because working men have votes. He said that the measure was of small immediate concern to the working class, meant no material change in their conditions, but he would support the bill "because it is in line with social and political evolution; tends to destroy the old tariff superstitions and to bring into closer relations the people of the world."

He traced the history of the tariff for the purpose of showing that at all times, it was a subsidy to the manufacturers and declared that the high tariff does not protect the working man.

FURTHER REACTION IN COTTON

Closed Barely Steady at Decline of Five to Seventeen Points—More Definite Promise of Relief From Texas.

New York, June 14.—Notwithstanding continued dry weather in the southwest, there was a further reaction in the cotton market today under general realization of liquidation, and local selling, which appeared to be influenced by a feeling that the market was entitled to a considerable setback, following recent advances, and rumors that leading bulls were reducing their holdings. The close was barely steady at a net decline of 5 1/2 points.

The market opened steady at an advance of 14 1/2 points, in response to the dry weather map and better cables than expected, but there was heavy realising from the start and following the western belt forecast, calling for increasingly cloudy weather in Texas and Oklahoma, offerings became general. There seemed to be no more definite promise of relief from Texas, though this prediction, and after showing a net loss of 4 1/2 points, the market reacted 1 or 2 points from the lowest on support, trade buying with a renewal of bull feeling, but offerings again showed a tendency to increase on the bulge and the market during the middle of the day became very nervous and unsettled. July was relatively weak, breaking to 15.49, a net loss of about 20 points, while the new crop sold about 11 to 15 points lower. Another spell of bull support and covering by recent sellers for a time caused a rally from 15.54 to 16.64 for December, during the early afternoon, but as soon as the supporting orders were withdrawn the market again eased off and closed at practically the lowest point of the day on the new crop positions. August, 15.70, closed 1/2 point lower, and September, 15.75, closed 1/2 point lower. Private crop advices from the western belt appeared to be increasingly bullish, and detailed weather reports showed high temperatures again during the day, but thought that the cloudy weather predicted might forestall a change in conditions and private wires received in the day reported showers at Dallas.

Receipts today, 404 bales, against 2,343 last week and 4,099 last year. For the week, 15,000 bales, against 20,000 last week and 24,545 last year. Today's receipts at New Orleans, 2,118 bales, against 84 last year, and at Houston 35 bales, against 434 last year. Spot closed quiet. Middling uplands, 15.50; middling old, 16.05; sales, none. Futures opened steady and closed barely steady.

THE GRAIN MARKET.

Chicago, June 14.—A dry weather scare in South Dakota gave a lift today to the wheat market here. In consequence, the trading showed a net gain of 1/2 to 3/4. The outcome in corn was a shade to 1/2 decline; oats closed the same as last night, 7 1/2 to 8 1/4, and hog products unchanged to 10 advance.

Wheat—No. 2, red, 85 1/2; No. 3, red, 85 1/2; No. 4, red, 85 1/2; No. 5, red, 85 1/2; No. 6, red, 85 1/2; No. 7, red, 85 1/2; No. 8, red, 85 1/2; No. 9, red, 85 1/2; No. 10, red, 85 1/2; No. 11, red, 85 1/2;
